1955 C. H. YOE HIGH SCHOOL HONOR STUDENTS

Shown above are the 1955 honor students of C. H. Yoe High School with Wayne Fisher, top row, left, capturing Valedictorian honors with an average of 5.7. Frances Ann Michalka, top row, middle, is the salutatorian and has an average of 5.575. Third ranking student is Ann Wimberly, top row, right. Others are second row, left to right: John Carroll Russell, fourth; Lillie Ann Jekel, fifth; Yvonne Story, sixth; Joyce Wallace, seventh; bottom row, left to right; Joseph Courtney, eighth; Anita Nabours, ninth; Carroll William Boecker and Joe Lee Heitmann, tied for tenth and Billie Nell Johnson, eleventh. All students making the honor list had an A- or better average for their junior and senior years of school. Baccalaureate and commencement exercies for the 83 seniors are scheduled May 29 and May 30, respectively on the Yoe high athletic field.

Council O.K.'s Recording Machine

Cameron's city fathers officially went on record, at the insistance of Cameron Herald representatives as being for the "Sound-Scriber", a recording machine ostracized at many public meetings, at their regular meeting Tuesday evening in the city hall.

The machine, which was banned by Mayor O. B. Horstmann at the outset of the meeting, was discussed once more at conclusion of the session with all councilmen officially voting "Aye" to the press bringing the machine to public council meetings.

Much controversy arose concerning the sound-scriber with the comment of Roy Griffith, "When I say something I mean it and have no wish to retract it", finally setting the pace for all the councilmens thinking.

One of the many phases worked over at the meeting was the Summer Recreation program which will be jointly sponsored by the Cameron School Board and the City Council.

Recently a committee from the School Board and Council worked out details and suggested that a man to head the Summer Recreation Program be hired for $500 while a woman be paid $400 since there are as many, or more, girls participating in the program as there are boys.

Two hundred dollars would be set aside for equipment and $100 for the lights. It was also suggested that $300 be set aside to hire an instructor for the colored population, $100 in equipment and $100 for lights. The school board and city council would split the bill on a fifty-fifty basis.

The School Board Committee also suggested that the FFA boys be given the responsibility of the concession stands, however, the council committeemen suggested that profits from concessions be turned back to help finance the recreation program, since, they stated, quite a bit of money is collected through the concession stands.

Six hundred dollars was later allocated for the white summer recreation fund while $250 will be used to finance the colored program.

Another important item approached by the councilmen was the Right - of - Way Committee's progress.

E. A. Perrin, chairman of the Highway Committee reported that five of the fourteen property owners had pledged their land to the committee at this time. Each owner had been approached by the committee members and had been given an estimate on their property. The committee recommended that a final figure and estimate be reached on the property, to keep in mind the fairness to all concerned, and that property owners should be notified by registered letter.

If no further progress can be made then to obtain the land, they recommended that the land be condemed and necessary steps be taken to acquire the needed space.

Bowmans and McKeowns Parked Beside Demolished Bland Plant

Winds of tornadic force flew through Temple with no warning Friday evening, completely demolishing the Bland Shoe Factory in southeast Temple and killing Mrs. Mamie Bennett, the plant manager

Official reports set the velocity of the wind at 50 miles per hour, but they were undoubtedly higher in places, since it ripped the roof of the Bland Factory and carried it completely across the street then caved in the walls of the one-story building.

Eye-witnesses to the tragedy were Reverend and Mrs. Jim McKeown and Dr. and Mrs. George Bowman who were en route to Temple.

Dr. Bowman said when they were 10 miles out of the city they turned on the radio and the announcer reported several times that there were no tornado warning out for that area. He stated that a short time later the rains reached such force they could not see and stopped about 10 feet from a long, low, yellow brick building, which turned out to be the Bland Shoe Factory.

"A few minutes after we parked", Dr. Bowman stated, "the wind started rocking the car and the rain was coming, from the north, directly sideways."

The winds lifted the roof off the building they were parked beside and carried it over the car and across the street, and then the wall nearest them fell, and hit the bumper of their car.

He said that the flying gravel pitted the car body, but that was the extent of the damage suffered by them.

After the winds died down they traveled on into Temple, where trees blown down littered the highway making travel difficult.

When they called home to make certain everything was all right in Cameron they started to leave, noticing plate glass windows blown out in many stores in downtown Temple, and had to take the long route home since Temple was declared a disaster area and no one was permitted to come or go.

Other damage was suffered throughout the city, a cooling tower on the Dunbar theatre toppled, caving in the roof. Some 15 persons seated at the back of the threatre escaped unhurt.

The Sunset Drive-In theatre was damaged severely.

A tent auditorium at Fifth and French in Temple caved in.

The school gymnasium roof at Academy school south of Temple was ripped off.

A Heidenheimer church was knocked off its foundation and the corn sheller badly damaged in that community.

Reports of damages to outbuildings, farms, roofs continued to pour in through the night and made estimates of the damages impossible.

Mrs. Fuchs Wins Top Honors At Delphian Show

A lavish assortment of designed arrangements are entered in every division of the Delphian Club Flower Show May 3 at the First Methodist Church.

Winning the most blue ribbons for entries and awarded the Sweepstakes ribbon at the show was Mrs Leo Fuchs, with Mrs. E. A. Flinn winning second place for having the second largest number of blue ribbons to her credit.

During the hours of the show, which had the theme "Melodies of Spring", Mrs. Jimmy Wiggs and Mrs. E. O. Smith served pink lemonade and cookies in a French cafe setting. Placed at vantage points were clever posters denoting the various divisions, also made by Mrs. Wiggs and Mrs. Smith.

Mrs. Leo Fuchs and Mrs. E. O. Smith won the tri-color ribbons in the Arrangement Division. All of

New Mail Routes Make Correct Mailing A Necessity

John Hays, Postmaster, announced that an extension to the city mail delivery will be made on May 16, giving added service to the north-eastern section of the city.

He explained that there will now be four routes, since one Auxiliary city route will have to be added to handle the extra delivery. In so doing, Hays pointed out, the delivery of Parcel Post to the patrons may be delayed by some two hours. Those who have been receiving their parcel post at 8 a. m. will then have their delivery made at approximately 9:30 or 10:00 a.m.

"I am sure we will have the full cooperation of the public," Hays stated, "In order that patrons of the office may be included in our city delivery service."

The new streets and blocks to be added are: North Jackson to the 2000 block; North Davis to the 2000 block; North Cleveland to 2000 block; North Harding to 2000 block; Hoover and Golf Links streets; 200 and 300 Block East 16th; 400 North Burns; 600 East 4th; 600 East 15th; 1400 and 1500 North Crockett; and 700 and 800 East 18th.

"Your cooperation is also asked in having your mail addressed to your correct mailing address," Hays requested, "This may not be your residence address. If you do not know whether or not you will be on the City Delivery Route please feel free to call this office for that information. However, if you are now being served by city carrier then you may expect that service to continue."

"We will do everything possible to see that you get your mail and get it on time," Hays added, "However, to do this it is going to be absolutely necessary that your mail have the correct mailing address. If you do not get your mail on City Delivery, of course your mail will not be so address.

"You will be helping us as well as speeding the delivery of your mail by having it properly addressments now for having the corrected, we ask that you make arrangemailing address on your mail in the future."

Hays also stated that it may be necessary to place the patrons on North Travis, north of the 1400 block, who are now receiving city delivery, on a rural route since so many of the alleys and streets have been closed in that area and as a result insufficient cross streets to allow delivery.

June 1 Deadline For Transfering School Students

June 1, 1955 is the deadline for transferring children from one field. Afterward the party pro school district to another. If a child plans to attend school in a child plans to attend school in a district other than his home district a transfer blank asking for this transfer must be filed in the Office of the County Superintendent not later than June 1, 1955.

Ideal Hatchery Wins Champion Egg Award

Ideal Hatchery and Poultry Farm of Cameron won the Grand Champion Egg Award at the Texas Chick, Poult, and Egg Show on the Texas A & M campus.

All entries of the show were auctioned off at a sale held by the A & M Poultry Science Club, Saturday morning, May 7, in DeWare Field House on the campus. Aggie Auctioneer Lloyd Joyce of Iago sold the Show.

The Show received entries throughout the state along with several out-of-state entries. This year the chick and poult divisions of the Show were conducted on a random sample basis. A disinterested person such as the county agent or the vocational agriculture teacher selected the chicks and poults at random from a hatch. By this method a more representative sample instead of the selected best product competed in the Show.

Proceeds from the sale go to the Club to be used in its many activities. These activities include helping finance the senior and junior judging team trips, the annual send-off banquet for the senior judging team, the spring chicken fry, and the awarding of a $200 scholarship to Texas A & M to one of the top entires in the 4-H and F. F. A divisions of the Show.

The five top entries from the chick division and the five top entries from the egg division of the 4-H and F. F. A show are eligible to compete for the scholarship. The winner will be chosen at a later date on the basis of scholarship, leadership, and activities in his high school.

Newly elected Club officers are president, Monroe Fuchs of Cameron; vice-president, Earl Geddes of Lampasas; secretary, Jim Brooks of Seminole; treasurer, Gene Larey of Conroe; reporter, Arthur Herzog of Hoston; and show manager, Dane Kimmell of DeLeon.

Kiwanis "Bag Of Bulbs" Project Kick-Off Thursday

Wiley Loughmiller, president of the Kiwanis, announced that definite plans are being made for the Kiwanis "Light Bulb Project" slated for May 12 and 13.

This campaign for funds for the Underpriviledged Children work of the Kiwanis is headed by Dr. John Bryson, chairman of that committee.

During the two-day campaign the entire town will be covered by a house to house canvass with a selection of Sylvania light-bulbs, consisting of four 100 watt bulbs; four 75 watt bulbs and two 60 watt bulbs will sell for $2.00, saving the purchaser 50 cents or more for the 10 bulbs.

Loughmiller urged that all residents cooperate in the drive, adding that all 31 members of the Kiwanis would be canvassing the

C of C Membership Covers Entire Town

Under the chairmanship of Jimmy Wiggs, members of the Membership Committee will fan out over the entire town in an unparalleled effort to add support to the program of work outlined by the Chamber of Commerce for 1955.

The businessmen who are taking time out for their important job of building Cameron are doing so because they are convinced that what they are selling represents the most outstanding example of teamwork in Cameron, C of C workers stated.

They are convinced that the active support of every business and professional man and woman is necessary to effect the task the C of C has outlined for the future betterment of Cameron and its citizens.

The task is bigger that the Membership Committee alone, it depends upon every Cameronite.

Kenneth Thompson's Chickens Win First in C of C Broiler Show

Chamber of Commerce Broiler Contest entries and their sponsors were feted with a barbecued chickn dinner with all the trimmings to wind up their 1955 contest Saturday night.

Winner of the $20.00 first prize with his pen of five broilers was Kenneth Thompson of Cameron, sponsored by the Green Furniture Company.

Leo Fuchs, chairman of the Poultry Committee, gave the welcoming address, thanking the boys and their sponsors for their cooperation. He quoted Ed Parnell, the judge, as saying, "The program this year was a 100 per cent improvement over last year".

Bill Burns, president of the Chamber of Commerce then thanked the boys, the sponsors and all of those who contributed toward the success of the program, adding that he hoped that next years contest would be as successful as this years.

Fuchs then introduced J. D. Moore, agriculture agent, who presented the awards.

Second prize winner Leo Glaser, Jr. of Cameron, sponsored by John Hays. He was presented $15. in prize money.

Joe Walzel of Cameron won the $12.50 third prize money. He was sponsored by Texas Power and Light Company.

Winning the fourth prize of $10 was Theodore Fuchs of Cameron, sponsored by the Humble Oil and Refining Company and Sammy Harris, of Gause, sponsored by Hinton H. Pruett, was awarded the $7.50 for placing fourth in the contest.

Certificates of merit were presented to the following:

Sponsored by the William Carey Lumber Company, Floyd Koenig, was awarded a certificate for having the best over-all gain, 175 pounds for 42 chickens; Warren Rinn sponsored by Grabein Chevrolet Co. received the Best Average Gain award, with 3.6 per chicken and Billy Gelner, received the award for Most Economical Gain, averaging only 14.3 cents per pound per chicken. He was sponsored by the Caperton Variety Store.

Other winners, listed in the order judged, and each receiving $3.00 were Henry Hubnik, of Cameron, sponsored by Oxsheer Smith; John Gilchrist of Thorndale, spon-

New Vocational Building, Summer Recreation Program Outlined

W. T. Hanes deemed an air conditioning unit for his secretarial help a necessity for the three to four hours spent doing school business every day during the summer months at the school board meeting Wednesday evening.

He entered the request for the two one-ton units for the two offices on the heel of requests for funds for the proposed new Vocational building and about $1,750 for a summer recreation program. School board members voiced no unfavorable comments on the air conditioning until H. B. Pressley brought up the money angle.

He opined that since the rooms were on the cooler side of the building perhaps some fans would suffice, since every problem the board tackled involved "money, money, money" and a loan was already necessary for the new building. He added, "You know I'm a farmer and when I'm out driving a tractor I drive in the sun even if it's 110 degrees in the shade if I don't have the money to buy an umbrella."

After much comment, with most of the board claiming that air-conditioning is a necessity to "do the work efficiently" Hanes withdrew his request and asked if, instead, the school would furnish the electricity if he furnished the units. This was approved by motion by the board.

The four-hour meeting brought up many points of future action and procedure, with Hanes asking that the school administration, with a committee from the board, be allowed to set up a list of regulations to use in connection with use of school buildings, facilities and other phases of financial reports, athletic activities and other school problems.

Board members agreed that it was an excellent idea, with William Vogelsang stating, "I think that is a good idea, we should let the board set up the policy and let Hanes carry it out'..

Hanes also brought out that since so much criticism of the athletic program has arisen he has ordered numbered tickets for ath-

Commission Members Warned Not To Make Charter Detailed

Members of the Charter Commission being sworn into office by Justice of the Peace B. G. Rice. Commission members are: (Left to Right) Row 1 - E. A. Perrin, Dr. David Shapiro, E. L. Wied, Jack Prescott, Don Humble, Ada Margaret Smith and Henry Siebman. Row 2 - Narvie Caperton, Walter Lester, W. E. Kuehl, John Henderson and August Kunz. Row 3 - W. T. Hanes, John A. Smith, Jr., and Johnnie Schmidt.

Charter commission members were told the importance of a charter to a city at their meeting Tuesday night in the County courthouse by Mr. Crutchfield, representative of the Texas League of Municipalities.

He emphasized the need of making the charter specific and yet not too detailed.

Many disconcerting facts regarding the general law form of government, believing that their taxes under, were brought out in Crutchfields informative discussion. He pointed out the limitations the present governing officials have to of ordinances difficult and the annexing of property impossible.

He reminded that the laws of the city, though more far-reaching, can in no way be detrimental to the people in that nothing in the charter can be in conflict with the general laws or with the constitution.

One of the primary assets, he stated, is that the home Rule form of government can make provisions which meet the needs of the local population.

Crutchfield stated that some people are misinformed on the operation of a home-rule government, believeing that their taxes would automatically be raised. He stated emphatically that this was not true, pointing out that the City of Cameron could now levy a tax of $2.50 per $100 valuation if they wished to, based on the current census.

Another factor favoring the Charter brought out by Crutchfield was that now the city had no way of protecting its property outside the city limits, while if a charter was passed, with that law included, there would be police power on all city owned properties in and out of the city.

He urged all members of the Commission to read Chapter 13 of 1175 V. T. Statuates, so that they might know the in's and out's of writing a binding charter with all points necessary included.

He added that the very first hurdle for the commission to tackle would be the matter of what type government they wished to have, with possibly a choice being written into the original charter for the people to vote on.

Another way in which the commission could better carry out the wishes of the people, Crutchfield said, was to make it possible for the people to file petition and vote any ordinance in or out of the city laws.

He lamented the fact that it is sometimes hard to get the right man to run for the office of mayor, pointing out that the City is the largest business in Cameron and needs full-fledged business methods and operations. When the office is appointive instead of elective this is sometimes corrected, Crutchfield stated.

He then outlined the different types of city government and told the Commission that whatever their decisions on any subject the majority should rule and the members of the commission should stick together on the final decision.

It will be necessary, he stated, to mail a completed copy of the charter to every person on the tax roll for their information and study.

When asked what happens when the charter does not cover a particular subject, Crutchfield replied that the general laws then apply.

Amendments are written into the charter every two years, Crutchfield concluded, although it is better to have them as complete as possible in the beginning.

Don Howard and Clifford Angell To Represent American Legion At Boys State

Robert Glenn commander of American Legion Post Number 9. announced today that two boys were selected by the Youth activies committee to go to Boys State at Austin form June 5 to June 11 for an all expense paid trip.

The two boys selected were Clifford Angell, son of Mr. and Mrs. V. L. Angell or Route 2, Cameron and Don Howard, son of Mr. and Mrs. Max Howard of Cameron.

The objective of the Boys State is to educate the youth in the duties, privileges, rights and responsibilities of American citizenship.

During their stay at Boys state each boy will take an active part in Government, from Governor down to precinct office. The young citizens has the opportunity to learn for himself that his government is just what he makes it.

The committee composed of: Robert Nelson, Wayne Mann, Valon Fogle, Ed Manning, Sim B. Atkinson, Eugene Goldfarb and John Florida.

They found it very difficult to select the two boys from such a fine list of eligible boys.

State Draft Quota Is Up In June

The state draft quota for June is 549 men for the army, Brigadier General Paul L. Wakefield, state Selective Service director, said Thursday.

This is the Texas share of a national quota of 10,000 men.

The state Selective Service headquarters currently is figuring breakdown of the June quota for 137 Texas draft boards and plans to mail these local board quotas Friday.

The June quota of 549 compares with a May quota of 544 and an April quota of 432.

There will be no physical-mental examinations of men for military service through the draft boards in June, except in isolated cases.

"If calls continue as small as they are and conditions remain the same, we will have no calls for physical - mental examinations in the foreseeable future," General Wakefield said.

With the exception of volunteers, the June call will be filled only with men who on June 1 are 21 years old or older.

The average age of men now being inducted in Texas is above 21. Draft board quotas are being filled to a great extent with volunteers, General Wakefield said, many of the volunteers being under 21 years old.

Milam Homecoming May 15

Milam County's annual homecoming in Houston will be held this year on Sunday, May 15 at the Eastwood park in the 4900 block on Harrisburg blvd.

It was reported that each year over 100 former Milam residents are present at this homecoming and everyone in the County has been urged to attend.

TP&L Continues Growth In Texas

Continued growth of Texas Power & Light Company is reflected in the utility concern's 1954 Annual Report to stockholders, which has just been issued. A comparative summary shows this growth to be consistent over the last five-year period.

The Report calls attention to the Company's increased captial investments, operating revenues, construction budget, number of customers and generating capacity. and to the industrial development taking place throughout the 52-county area of north, central and east Texas. Listed are a number of industrial plants locating here within the last year and the wide range of products manufactured and processed.

Total construction expenditure for the year were $28,233,506, bringing to $92,819,406 the amount spent by the Company during the last five years for new facilities. Plans for 1955 call for construction expenditures totaling $16,526,000.

The number of customers served increased 12,271 during the year, and at the end of the year the Company was serving 309,822 customers.

Texas Power & Light set a new all-time record in industrial safety during 1954 and, for the second consecutive year, won first place in the National Safety Council contest for major utility companies. During the period from August, 1953, to August, 1954, Company employees worked more than five million manhours without a lost-time accident and during the calendar year of 1954, worked 5,250,768 manhours with only five lost-time injuries.

Korean Air Strategy Told To Air Reserve

Flight B 9807 Air Reserve Unit had its weekly meeting at the National Guard Armory Friday at 8 p. m. T-Sgt. Wilkerson was in charge of the instruction period. His subject was "air strategy in Korean War."

The next meeting will be held Friday May 6 at 8 p. m. at the National Guard Armory.

Any former member of the Air Corps interested in finding out how the reserve program can help them can contact the local unit there.

S Sgt. V. Groppell Receives Discharge

S-Sgt. Vernon Groppell, son of Mr. and Mrs. Richard Groppell of Buckholts received his discharge April 23 after completing four year service in the U. S. Air Force stationed at Lackland AFB in San Antonio where he served with the 3700 Hospital Sqdn. as an O. R. Technician.

Mr. Groppell is presently at home on vacation visiting his parents. His tentative plans for the future, include an academic course at Baylor University in Waco.

Small Businessmen To Profit From New Compensation Act

Amendments to the Texas Unemployment Compensation Act passed by the 55th Legislature can save Texas small business men as much as eight and a half million dollars.

Governor Allan Shivers, when signing the legislation, estimated this sum as the probable difference between taxes which would have been paid under a Federal statute effective January 1, 1956, and those which will be collected under state control.

The bill was authored by Representative George Berry of Lubbock sponsored in the Senate by Senators Wardlaw Lane of Center and Ottis Lock of Lufkin and favored by both business and labor organizations.

Need for the legislation came with amendment of the federal unemployment compensation tax act to include employers of four or more persons (instead of the present eight or more) effective in 1956. This act, however, provided that states could amend their unemployment tax law to include these four-to-seven employers and make these new taxpayers eligible for "experince rates" — lower taxes based on each employer's record.

Thus the state will collect all except three-tenths of one per cent of the new tax (that amount is turned over to the federal government for administrative expenses). Under state jurisdiction a newly these four-to-seven employers and make these new taxpayers eligible taxs based on each employer's record.

Thus the state will collect all except three-tenths of one per cent of the new tax (that amount is turned over to the federal governcovered employer may become eligible for an experice rate and a low tax potntial of four-tenths of one per cent, including the federal administrative portion.

Some 48 per cent of Texas employers now have this rating. The state-wide average is .75 of one per a low tax potential of four-tenths cent, one of the lowest tax rates in the nation.

The Berry-authored legislation al so cut the "experience period" from three and a half years to one and a half, making Texas employers eligible for lower tax rates two years earlier than under the old law.

C of C Membership Drive Planned

Jimmy Wiggs, Chairman of the Membership Committee of the Chamber of Commerce has announced that a Membership Drive will be held May 9 through May 20. He states that there are over one hundred prospects to contact and that there are twenty-six members of his committee to contact these during the two week period.

Leaflets have been sent out to the prospective members and th prospective members and the present members entitled "Membership in the Chamber of Commerce does Not Cost, It Pays!"

"The Cameron Chamber of Commerce is on the move to build a better community", stated President Bill Burns.

Wiggs stated that the C of C program is wide and requires a lot of hard work and time from those who are actively engaged to see that the undertakings are carried out, "With this time and effort," Wiggs said, "we are helpless without finances, and shortage of finances will necessitate some part of our program being left undone. Every phase is an important factor in the wheels of progress."

Tiny Aphids Destroy Many Texas Flowers

Two tiny pests which are almost invjsible destroy or spoil many of our flowers. Red spiders, sometimes called spider mites, are destructive to marigolds, cornflowers sweet peas and other flowers, as well as to some vegetables. They injure many shrubs and trees.

To check plants for spider damage look for signs of webs. Not all spider mites make webs but the appearance of the plant will give other clues. Leaves begin to stipple or form light spots and dry up. Watering will not help the plant. Sometimes the tiny red spiders collect in large groups making the underside of the leaf look as if it had rusted.

Red spiders can be killed with a 3 per cent aramite dust or with dusting sulphur. Use the 325-mesh sulphur that is used on cotton. Coarse sulphur will not do the job. Wettable sulphur spray will also kill the red spider. The sulphur stays on the plant several days, killing new insects which are sure to hatch out within a week or ten day.

Aphids or plant lice also spoil many flowers. In some areas they are called green bugs. They range in color from pink, orange, light green or gray to black. The rose aphid, potato aphid and other aphids feed on tender leaves, stems and buds of roses. They may feed on sap to such an extent that all flowers are spoiled. Some buds may fail to open, and leaves may curl up. Sweet peas and vegetable garden peas infested with aphids are likely to dry up before they produce a full crop of blooms.

Aphids may be killed with one per cent lindane dust or two per cent nicotine dust. Sprays of lindane or nicotine sulphate will also kill aphids. Lindane is one of the safe and new sprays. Nicotine sulphate is an old sphid control, sometimes called Black Leaf 40.

Malathion spray is one spray which will kill both these insects. It is also a fairly good control for scales, meal bugs, and other insects. A mixture of wettable sulphur and nicotine in a spray will also kill both red spiders and aphids.

Joe Farmer, 23, Formerly Of Rosebud, Killed

Rosebud, — Joe Bob Farmer, 23 U. S. Navy, formerly of Rosebud, was killed in an automobile accident Tuesday at Elizabeth City, N. C., where he was stationed. The body is being returned to Rosebud for burial, and arrived at 9:40 a.m. Saturday.

Funeral services were scheduled at 3 p. m. Sunday at Powers Chapel near Rosebud with Rev. W. H. Koenig of Kosse officiating, burial in Powers Chapel Cemetery.

Surviving are his step-father and mother, Mr. and Mrs. C. J. Lucas of Houston; his grandparents Mr. and Mrs. F. E. Farmer of Rosebud and Mrs. D. F. Hamrick of Houston. His father, Richard Hamrick, died several years ago.

Older Homes May Be Best Buy

The best buy in housing this year may be a home built ten, twenty or even forty years ago.

Modernization of these older homes is a $12 billion annual business, equal to the money spent each year for over one million new homes.

Many budget-conscious younger couples, or extra large families are finding real opportunities in these fine old homes, about 90 per cent of which are top quality frame construction and easy to remodel and modernize.

Most of them were built to last and are as good today as the day they were built. Rooms are spacious, woodwork generally is much more elaborate and decorative than in today's homes and the architectural styling generally has been followed pretty much throughout the home.

Remodelling possibilites to consider, and many of these can be done by the young husband himself if he is patient and takes his time: cover old plaster walls with fine wood panelling, like lovely fir or blond west coast hemlock; lower ceilings to save heat and this can be done with simple fir false work dropping ceiling height; build playroom in basement or in old garage or carriage house; modernize kitchen, bedrooms, dining room with compact built-in storage units which can be made from wonderful textured fir or hemlock panels which will give these rooms a cheerful new look.

Your check list when investigating one of these older bargains should include: basement for leaks, wiring and plumbing, floor joists for settling, condition of roofs, gutters, floors, walls. You can have an estimate made of repair and what owner is asking to see just how good a buy it is.

Roy Crittenden and his wife and two daughters of Arlington Texas visited his grandmother, Mrs. Maude Crittendon in Cameron Wednesday. They were en route to Lafayette, La. where they will spend a two week vacation.

Denson D. Rubac Is Promoted

Denson D. Rubac, 21, son of Mr. and Mrs. F. J. Rubac, Route 1, Buckholts, recently was promoted to sergeant in Alaska where he is a member of the 93rd Anti-Aircraft Artillery Battalion.

Soldiers stationed in the Alaskan territory undergo rigorous training for cold-weather combat while guarding the northern approaches to the U. S.

Sergeant Rubac a gun section, in the battalion's Battery D, entered the Army in June 1953 and received training at Fort Bliss Texas. Rubac arrived in Alaska in December, 1953.

Cotton Bag Sewing Queen Contest Slated At Heart O' Texas Fair

Some thrifty homemaker with an eye for fashion as well as budget will be crowned Cotton Bag Sewing Queen in Chicago on November 15.

Valuable prizes at local and national levels are offered to housewives interested in taking advantage of the reuse values of modern cotton packaging, Mrs. R. M. Yowll, Supt. Women's Division, of the Heart O' Texas Fiar explained today, in announcing plans for participation in the third annual Cotton Bag Sewing Contest.

The contest, sponsored by the National Cotton Council and the Textile Bag Manufacturers Association, will be staged at 53 state and regional fairs across the nation. Cash prizes will be awarded for various items.

All entries must be made from cotton bags, with the exception of trimmings. Additional contest information may be obtained from the Women's Department of the Heart O' Texas Fair, local feed dealers, or Pfaff sewing machine representatives. An idea booklet and other free aids for sewing with cotton bags may be obtained from the National Cotton Council, P. O. Box 76, Memphis, Tennessee.

Sharp PTA New Officers Are Elected

The PTA of the Sharp High School elected officers at their regular meeting at the school Wednesday night.

The officers elected were: Mrs E. B. Baggett, president; Mrs. J L. Shelton, vice-president; Mrs Raymond Richter, secretary; Mrs Nick McBurnett, Jr. treasurer.

The freshman class of the high school presented a one-act play.

Highlights And Sidelights

By VERN SANFORD
Texas Press Association

All eyes are on the clock now as legislators vie for position at the Speaker's post, to "run" with their favorite bills.

Time is swiftly brining the Legislative "race" to a close.

Hundreds of bills will die on the calendar and never reach the finish line.

But, hundreds have passed House members took a quick look at a long, uncontested bills calendar, then passed 164 measures or to the Senate in two days.

Senators are now considering these bills and scrambling to get the House-passed tax bill under the wire before adjournment on or about May 10.

Subject to Senate approval is a two-cent gasoline tax increase, a one-cent-per-pack increase in cigarette taxes, plus a tax on cigars, snuff and packaged tabacco. Also in the omnibus tax bill is a levy on trading stamps and uranium A hike in beer dealers' license fees is imminent. Contemplated too is freezing of the presnt natural gas production ntnax at 8 pr cnt-originally due to drop to 7 per cent in 1956.

It is estimated that the tax bill, as written, will produce $25,000,000 a year in additional revenue for the general fund. That is $5,000,000 short of the appropriation bill. So, there will have to be more leviews, or the appropriation bill cut.

Veterans Land Bill

Both houses voted to submit a constitutional amendment to the people, in November of 1956, calling for an additional $100,000,000 for the veterans land program. Replacement of the Governor and Attorney General as members of the Veterans Land Board, by two appointed members, is specified in the bill.

Governor Allan Shivers and Attorney General John Ben Shepperd repudiated the minutes of the board as compiled by Bascom Giles, former Land Commissioner, and the Board ordered the minutes corrected.

Senator Jimmy Phillips, member of the Senate investigating committee, immediately seized for photostating, all the old minute books. Phillips said he did this, under committee subpoena, "to make certain that there is a permanent record of the minutes as they were originally entered."

Labor Legislation

Three bills by Sen. George Parkhouse, all fought by organized labor, moved ahead in the House.

The "Ford Motor Bill" was softened, then passed, subject to Senat concurrnce. It prohibits unemployment compensation benefits to workmen idled by a strike in other plants owned by their employer. It exempts the workman who makes a good-faith offer to return to his job.

Modified by the House labor committee, and reported favorably was Parkhouse's bill to eliminate "Port Arthur" strike situations. It would stop unions from picketing plants where the majority of the workers were non-union.

Ernest Moreland Of Austin Is 3rd Traffic Fatality

Milam County suffered its third traffic fatality this year when the car driven by Dr. Ray Eldon Yarborough of Port Lavaca ran over and killed Ernest Fletcher Moreland, 23 years old, of Austin on Highway 79 about six miles east of Rockdale.

Highway patrolmen stated that there was no possible way for Dr. Yarborough to have missed the victim since he was lying stretched out across the highway in the Dr.'s lane beside a stalled automobile which had its bright lights on.

Patrolmen stated that they had found that the automobile was owned by Robert C. Heath of Austin, who had met Moreland in a beer joint in Austin and promised to drive him to a littletownnear beer joint in Austin and promised to drive him to a little town near Waco for $15.00. They stopped at one point and Moreland drove off in the car, driving it until the fan-belt broke and the engine froze at the spot where the car stalled.

40,000 Acres From Belton East Cameron Surveyed For Water

AUSTIN, — A U. S. Reclamation Bureau official said his office here today began an actual pinpointing of proposed canals to irrigate thousands of acres of bone-dry Central Texas farm land out of the Belton reservoir.

Harry Burleigh, engineer in charge and director of the bureau's work throughout Texas, said engineering studies to locate the best routes for the canals is under way.

Burleigh said his office — working with Central Texas Water Leor Little River Irrigation Assn. — has "about finished" soil surveys on 40,000 acres running from the reservoir near Belton through Milam County east Cameron.

He said the proposed irrigation is the first step toward plans for irrigation of the "whole brazos river basin from Waco to Richmond'

The 40,000 acres from the reservoir to Cameron would "put Central Texas on the map" for production of such truck crops as carrots, lettuce and other vegetables primarily shipped from the Rio Grande Valley, Burleigh said.

ANNOUNCIN

The arrival of an eight pound son born to Mr. and Mrs. J. H. Angell, Jr. May 1, 1955. He was born at Pettus Memorial Hospital in Kerrville.

The Angells also have a daughter, Linda Kay, eight years old and a son, Gary, who is four. Mr. Angell is business manager of the State home in that city. The mother is the former Norma Willingham of Palestine.

The grandparents are Mr. and Mrs. J. S. Willingham of Palstine and Mr. and Mrs. J. H. Angell, Sr. of Camern

Leo O'Neill Children Home

Recent guests in the Leo O'Neill home were their children,

Mr. and Mrs. Joe O'Neill and children of Waco; Mr. and Mrs. Jimmy O-Neill and Mike of Brownwood; Major and Mrs. V. J. DeAlmond and children, of Falls Church, Virginia.

Major and Mrs. DeAlmond and sons Barry and David are leaving this week for Wheelis Air Base, Tripoli, North Africa where they will be stationed for the next three years.

Mrs. DeAlmond and sons have been with her parents for the past month.

SOICAL SECURITY NEWS

The recent amendments to the Social Security Act provide immediate benefits to a large group of people. These people are certain survivors of workers who died before September 1950. If you are the survivor of a worker who died after June 1940 but before September 1950 and who had some work covered by social security but who was not fully insured under the old law, you may now be eligible for benefit payments.

As an example of what this amendment means, let's take the case of Bill Smith. Bill was a young man, only 26 years old when he passed away in June 1949. His work record showed two years — 1945 and 1946 — or eight quarters of work. Mrs. Smith stated that Bill had worked in a radio ship for another person for about two years and then had opened his own business. Since Bill needed ten quarters of coverage, about two and a half years of work, to be insured, we had to tell Mrs Smith that she and the children could not be paid benefits. Under this change in the law, Mrs. Smith can be paid benefits for herself and the children until the children are 18.

In the Austin service area there are a number of widows 65 or older and young widows with children under 18 who are now eligible for social security insurance benefits because of the change in the Law. Most of these people contacted their social security office at the time their husbands died and were told that they did not have any insurance benefits payable. Under the new amendments, benefits are payable to these survivors and they should contact the Austin Social Security Office again.

Cotton starts off faster, fruits earlier and yields higher when early season insects control practices are followed. Extension Entomologist F. M. Fuller says it's good business to get the jump on injurious cotton insects and never allow them to get control of the

Burlington Baptist Church In Convention

The Burlington Baptist church of Burlington is participating in the 1955 Baptist General Convention of Texas.

Approximately 23 out of 29 Southern Baptist churches are in the rural communities, and there are two and one-half times as many full-time rural pastors as there are City pastors for Southern Baptist churches.

Mrs. Fred Hodges has been made chairman of the local general progress committee.

Vacation Bible Schools Attend Church Conference

The vacation Bible school committees of the Sharp Presbyterian church and the Tracy Methodist church went to Hearne Wednesday for an all day conference on Bible school materials.

Those who attended the meeting were Mesdames Joe Brown, E. L. Modesette, Ralph Caffey, Otis Charles and Lenza Caffey, all of Tracy and Rev. F. L. Powers, Mrs. J. K Dunham, Mrs. Frank Gamble, Mis Norma Rinn, and Mrs. Jack Daniel, all of Sharp.

Cotton pest time!

Start your control program NOW!

MAKE SURE thrips, cutworms and flea hoppers don't feast on *your* cotton . . . treat with dieldrin in early season.

Dieldrin gets these pests three ways—by touch, taste or inhaling. Dieldrin gives long-lasting control; days after application it goes on killing cotton pests.

And dieldrin also controls weevils, grasshoppers, lygus bugs and others. For bollworm simply add DDT.

Get dieldrin (say "deel-drin") from your insecticide dealer.

Communicable Diseases High On Milam Health Unit Monthly Report

Compiled by Milam County Health Unit.

Poliomyelitis vaccination headlined the April activities. Following the momentous announcement of the effectiveness of the Salk vaccine on April 12, last minute preparations were completed for the vaccination program. As of the start of the program on April 18, 930 request slips had been received out of 1202 eligible children. Before the week was out another 51 request slips had been received at schools making a total of 981 children had received the first dose of the vaccine while 74 have yet to make up this first shot which was missed because of illness or other extenuating circumstances.

The Dental Health Puppet Show was seen by over 3,000 children during April 12-14 inclusive. It was very well received as attested by the many letters and posters for Jack. Many thanks to Mr. and Mrs Sargent for this excellent program.

Out of the seventy-nine persons who had signs of tuberculosis on their chest X-rays taken in February, fourteen have been followed. Five of these fourteen hav ben found to hav active disease, but two of thse were previously known to the Health Unit. Two of the fourteen were inactive, five are non-tuberculous and one is still under evaluation.

For the first four months of 1955 Milam County Health Unit has added twelve new cases of tuberculosis to the register. Due to an administrative error only six have been reported on weekly morbidity reports this year. A case waiting for hospitalization was hospitalized in April, an application is being processed now, and two others have refused hospitalization at this time.

Communicable disease cases reported for April were numerous. They are as follows: Infectious hepatitis 1, Measles 31, Pertussis 12, Rabies in Animals 1, Streptococcal Infections 64, Gonorrhea 11, Syphilis 4, Influenza 14, Chickenpox 95, Mumps 30, Infectious Mononucleosis 3, Actinomycosis 1, Vincent's Infection of the Mouth 2.

Nine children were examined at a preschool roundup at Buckholts on April 1 and 72 were examined at a preschool roundup in Rockdale April 4, 6, and 7.

The director of the Milam County Health Unit, the Executive Secreatry of the Milam County Tuberculosis Association's Annual meeting in Galveston on April 15 and 16.

Regular routine inspections of food and other establishments have been made during the month of April. A follow-up has been made on recommended correctons made earlier by R. F. Holbert of the Food and Drug Division, on his tour of inspections with the Sanitarian in March. Most of these corrections have been made and a number of improvements have been noted.

Some schools and school cafeterias have been visited. Illuminations studies were made in the schools and water supplies and sewage facilities were discussed and recommendations made for improvement.

A number of private premises have been inspected with special attenion being given to water supplies and sewage facilities. Several new wells have been made and improvements in others. New septic systms have been installed by some individuals properly installed for the best of service and sanitation. Some Water supplies were treated.

Considerable rodent control work has been done in the County during the month and a number of places were dusted or sprayed for the control of fleas and other insects.

The last week in April was designted as "Clean Up Week" in Cameron on a voluntary basis. This program was sponsored by the Cameron Chamber of Commerce assisted by the local Health Unit. A check by the Sanitarian indicates that most premises have greatly improved. The City of Cameron assisted in the removal of the trash and debris. It is hoped that we may be able to space spray the city in the near future.

All nuisance complaints that have come to the attention of this office have been promptly investigated. Corrections were obtained in a majority of cases.

Visitors for the month:

Fred Miller, V. D. Investigator, Texas State Department of Health, Austin.

R. F. Holbert, Food and Drug Division, Texas State Department of Health, Austin.

James E. Poore, Extension Service, A & M College, College Station.

Miss Pat Melear, V. D. Clerical Assistant, Texas State Department of Health, Austin.

John B. Bryson, M. D., M.P.H, is director of the unit. D. S. Wimberly, is the Senior Sanitarian, Mrs. Rubye Ellen Brown, Nurse, Mrs. LaVerne Slavik, Clerk.

- Gas Tax - -Too High?-

By J. Walter Hammond, Pres.
Texas Farm Bureau

Texas Legislators are burning midnight oil in an effort to find taxable items that can be taxed without arousing too much opposition from the dear public that might show up in future elections.

Texas is endowed with a more bountiful supply of natural resources than any ther state in the Union. We are permitting corporations outside the state to come in and mine minerals that are transported for use outside the state, making only a token payment to the state for the privilege.

Only about one-fourth of the natural gas produced in Texas is used within the state. The rates being paid producers and royalty owners are so ridiculously low that a tax of three or four cents per thousand cubic feet could be collected and gas would still be the cheapest fuel that could be used, even after adding the tax to the price paid by the consumer now.

Pipeline companies are not buying the gas on the basis of value as is evidenced by excerpts from an Asspciated Press dispatch of April 7, 1955:

"Washington — April 7(AP) — George Mitchell, representing Christie, Mitchell & Mitchell, Houston, Testified during a hearing on an application by the Natural Gas Pipeline Company of America, Chicago, it wants to build a 350-mile line from Jack and Wise counties to Fritch in the Texas Panhandle to connect with its present system.

"The Commission authorized Chicago to intervene in the case. Chicago said its primary interest was to see an adequate supply of gas existed for the city and at reasonable rates.

"Basic controversy is Natural Gas Pipeline's proposal to pay Christie, Mitchell & Mitchell and other producers in Jack and Wise counties 15 cents per thusand cubic feet. Among intervenors is the paying 11 cents. It has protested that the 15-cent rate, if approved by the Commission, would result in a four-cent increase in the price it now has to pay. This would result in higher rates in several Texas and Oklahoma cities, Lone Star attornies argued.

This, it would seem, is evidence that natural gas is not being bought on the basis of value.

This points up the need and justification for the enaction of the Natural Gas Economic Waste Bill in Austin.

People outside Texas should be required to pay for the privilege of using the most convenient and cheapest fuel available.

Mrs. Vera Shafer of Hanover was a visitor in Cameron Saturday.

Mr. and Mrs. John A. Florida, Jr and family spent Sunday with her parents, Mr. and Mrs. Verne Penacost of Dayton.

Three Join National Guard

Battery C, 636th Anti-aircraft Artillery Battalion had three more members added to its rolls, it reported, when two enlistments and one transfer recently were made into the organization.

It said the transfer was made by Cpl. Walter D. Gommert, who formerly was with a Guard unit in Temple. He has been assigned to Battery C's communication section.

Enlisting in the unit were Steve S. Vansa and Hugh D. Bowley. Bowley is a student in a local high school, and also is employed by the Safeway super-market here. Vansa is engaged in farming and resides near Cameron.

Battery C also reported that it has received two more applications for enlistment and these are being processed at this time.

Cotton Featured On Texas In Review This Next Week

Cotton will be featured next week on The Humble Company's Texas in Review. The feature will include films of cotton from its picking to its manufacture into wearing apparel.

From Jefferson in Marion County will come films of a historic pilgrimage. Texas in Review will recreate some of the color and romance of the town in 1872. It was then that the citizens attracted nationwide attention by refusing to allow Jay Gould a railroad right-of-way.

Sunday (May 15) Texas in Review can be seen on KPRC-TV, Houston, 10:00 p. m.

Monday (May 16) the program appears on KRLD-TV, Dallas, 6:30 p. m. ; WOAI-TV, San Antonio, 6:30 p. m.

On Tuesday (May 17) Texas in Review can be seen on KTBC-TV, Austin, 7:00 p. m. KCEN-TV, Temple, 7:30 p. m. and KANG-TV, Waco, 8:30 p. m.

Hilry Stedman Jr., To Receive B.A. Degree

Bachelor of Business Administration degrees are sought by 250 seniors in the University of Texas College of Business Administration.

Commencement exercises will be held June 4. Degree candidates, whose names were announced by Business Administration Dean William R. Spriegel, include that of Hilry Habbard Stedman of Cameron.

Visiting in the home of Mr. and Mrs. F. J. Karnowski this weekend were Mr. and Mrs. Leo Zvonek and children and Mrs. George Wessels, all of San Antonio.

Aren't you forgetting something?

LET'S SEE:

A baby bath to splash in, a bassinet to howl in, bottles to break, buggy to sleep in, clothing to grow out of, toys to ignore. It gets to be a long list. But a baby needs many, many things. And one of them—strangely enough—is money.

In fact, can you think of anyone who needs a little financial security more than a helpless baby does?

Money saved now will protect him against future emergencies, buy him fine medical care, help pay, someday, for a good college education.

And the best way to give a baby financial security is through U. S. Series E Savings Bonds. Because Savings Bonds are money in its safest form: money that's a little harder to spend than cash, money that can't be lost or destroyed, money that's constantly earning interest.

To the love and comfort you're giving your baby, why not start now to add the solid, reliable protection of Savings Bonds—one of the world's surest, finest investments. Sign for the easy automatic Payroll Savings Plan where you work. Or if self-employed, invest regularly in Bonds at your bank.

A special message to aunts, uncles, cousins, grandmothers, grandfathers, godmothers, godfathers, friends: buy that child helpful, welcome Savings Bonds—for birthdays, Christmases, graduations.

SAFE AS AMERICA U.S. SAVINGS BONDS

The U. S. Government does not pay for this advertising. The Treasury Department thanks, for their patriotic donation, the Advertising Council.

Shown above, in the foreground is all that remains of the Metal Service Division at Alcoa's Rockdale plant following a fire causing estimated damage at near $350,000.00. Firemen from Rockdale, Thorndale, Taylor, Lexington and Cameron brought the blaze under control about two-and-one-half hours after it started at about 10:50 p. m. Tuesday.

Alcoa Fire-Damaged Metal Works Repair To Be Complete In 90 Days

ROCKDALE, May 5 — Repair of the fire-damaged Metal Service Building and equipment at Alcoa's Rockdale Works should be completed in about ninety days and ingot casting resumed shortly thereafter, works Manager J. D. Harper said today. The speed with which facilities can be restored, he said, will be controlled by availability of building materials and supply of replacement equipment.

The Metal Service Building which houses casting and shipping operations was heavily damaged on the night of April 26 when a flash fire caused the death of one man and resulted in an estimated $350,000 loss. Details of the cause of the fire have not been determined.

Pouring operations were relocated in the potrooms immediately after the fire so that production has not been interrupted. Clean up of the damaged building and equipment was started soon after the fire was extinguished, and Peterson Construction Company of Houston began to tear down damaged roof trusses on Friday. He pointed out that it is still impossible to determine how much of the steel work is damaged but it is believed that more than 90 per cent of the vertical supporting columns are in good condition.

Very little of the aluminum siding was destroyed; however, all the electrical wiring and much of the mechanical controls must be replaced. Work has already begun on the job of disassembling ingot casting equipment preparatory to repairing and placing it in operation.

Shipping of primary aluminum from the plant was not interrupted. However, damaged pig was shipped to other Alcoa locations for cleaning and later use.

Meanwhile construction of new smelting facilities is progressing, and the R. B. Butler Company of Bryan has been awarded a contract to erect a construction warehouse. The building will be of aluminum pole barn construction using large poles for framework on which aluminum sheeting will be attached. Construction of the building will begin next week.

Alcoa Expansion Slated To Begin

J. D. Harper, Rockdale Works Manager, announced this morning that Mosher Steel Company of Dallas has been awarded the contract for furnishing and erecting structural steel for the expansion of the potrooms and related facilities.

The new construction is a part of a $35,000,000 expansion which Alcoa is undertaking at the Rockdale and Point Comfort Works.

Two potlines will be added to the Rockdale Works, which means the aluminum producing capacity will be expanded 50 per cent.

It is expected that the new units at both locations will be in production some time during the second quarter of 1956.

92 Scouts At Camporee Over Week-end

The Tejas District of the Heart O' Texas Council held a Camp-O-Ree for the Boy Scout Troops of this district this past week-end at the Ledbetter Park in Cameron.

Six troops were represented with 92 scouts and eight leaders. Boy Scout Troops participating were 21 of Marlin, St. John's Episcopal Church sponsor; 35 of Marlin, Methodist Men's Club sponsor; 52 Cameron, Knights of Columbus sponsor; 83 of Cameron, Methodist Men's Club sponsor; and 90 of Rockdale, St. John's Methodist Church sponsor. Two brand new troops, 85 and 86, sponsored by the Maysfield and Milano schools respectively, attended Saturday morning activities as observers.

The Camp-O-Ree program was divided into two parts, with the first part being based on entire troop activites and included attendance, Scout Spirit, Patrol Cooking, Campfire participation and Campsite Cleanliness. Troops 35 of Marlin and 52 of Cameron scored as "Outstanding," while other troops all met the qualifications for the "Approved" award.

The Second part of the Camp-O-Ree was based on Scoutcraft Skills and the scoring was on a patrol basis. The Rattlesnake Patrol, Troop 35, Marlin, was the top scoring Patrol with 145 points out of a possible 165 points. All Patrols scoring 125 points or more were considered Class A patrols. Other Class A Patrols were: Mohawk Patrol, Troop 99; Bear Patrol, Troop 35; Tejas Patrol, Troop 39; Beaver Patrol, Troop 31 and the Flying Eagle Patrol, Troop 35.

Lester O. Hay, Jr., Marlin, Tejas District Camping and Activities Chairman, was the Chief Judge. Other judges were Larry Lowe, L. E. Gary, Reuben Sulke, Rockdale, Ralph Toler and John Duke of Marlin.

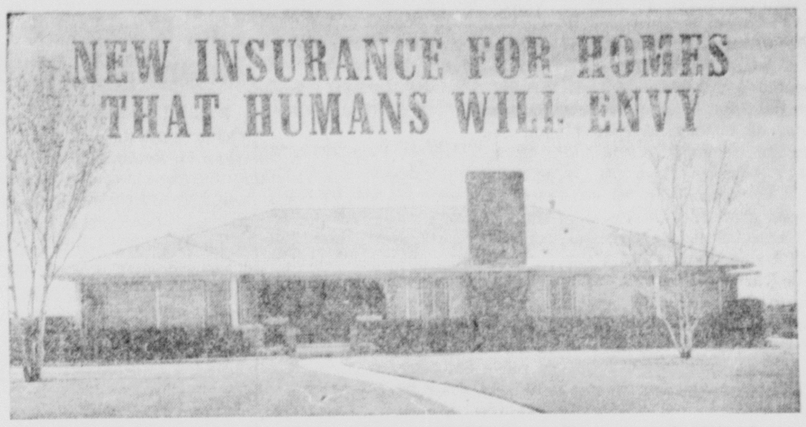
Sharp Presbyterian Ladies Meet

The Ladies Auxiliary of the Sharp Presbyterian church met in the annex of the church Thursday afternoon. Mrs. Jim Cryer and Mrs. Raney Petty were hostesses.

Mrs. G. M. Lamb gave the devotional. Mrs. F. L. Powers led the program, "A Christian Woman and Her Household."

Bags were packed for the church World Service.

The hostesses served refreshments to thirteen members and one visitor.



The Story of 9 Cents That Will Buy Peace of Mind

You can't buy Replacement Insurance on your life — at any price. But now . . . for the first time in Texas . . . you *can* buy it on your home. And for only a few pennies more per $100 of protection than you're paying now for your standard fire and extended coverage insurance.

This new protection for your home which makes "us humans" envious is called the Physical Loss Dwelling Form — the greatest advance in fire insurance in 15 years.

With this Physical Loss Dwelling Form added to your present Fire Insurance Policy, here are some of the things you get:

1. No deduction from your claim for depreciation if you carry insurance equal to 80% of the full replacement value of your home. If a fire, explosion, tornado or hail damages your home, you can get your property *completely restored* — new for old.

2. Full coverage of damage from *vandalism* or malicious mischief.

3. Full coverage of losses from *theft* of integral parts of the building, such as plumbing, etc.

4. *Additional Living Expenses* (if you have to move out while repairs are being made) or Rental Value (if you're a landlord) up to 10% of the insurance carried.

5. Coverage (less a small deductible) for *wind-driven rain; water damage* resulting from plumbing, windows, doors, defective roofs and seepage.

6. Coverage (less a small deductible) for *freezing damage* to plumbing and heating in reasonably safeguarded dwellings.

7. And coverage for numerous other losses — in fact, coverage for *any loss* not specifically excluded in the form. And these exceptions are generally uninsurable ones, anyway; excluding them helps keep the cost of this valuable policy down to a reasonable level.

Best of all, the additional coverages above — plus many, many others — can be yours *for only 9¢ additional for each $100 of protection* you now carry on your home.

Call your Local Agent today. Let him explain how the dependable, old line Capital Stock Companies he represents can give you a bargain in this new "peace of mind" insurance.

J. P. Bogue To Speak At Blinn Graduation May 29

Jesse P. Bogue, Executive Secretary, American Associatjon of the Junior Colleges, Washington, D. C. will be the commencement speaker for the Blinn College graduating class on Sunday, May 29 at 8:00 in the evening. This is the largest graduating class in the histor of the school with 267 candidates for graduation.

Dr. Bogue has held his present posjtion during the the past eight years and has traveled into every state in the Nation to study junior colleges. During summer sessions he has taught at Harvard, University of Denver, University of Iowa, Michigan State College, George Peabody College, University of North Carolina and Kansas State Teachers College.

Baptist Youngsters Plan Palacios Trip

Yoe High Senjors from First Baptist Church and their guests will leave Friday morning for their annual over night trip to the Palacios Baptist Encampment Grounds at Palacios, Texas.

The camp is situated on a peninsula in the Gulf of Mexico and is vjsited by thousands of young people annually.

The following seniors and guests will make the trip: Joyce Wallce, Yvonne Storey, Gloria Weems, Alton Witt, Jean Bradbury, John Carroll Russell, Leon Beale, Clifford Angell, Buddy Thompson, Lawrence Tiller, Nan Hubert, Jimmy Rettig, Barbara Young, and Rita Reid.

Upon arrival at Palacios, quarters will be assigned and a tour of the Encampment will be made. The young people will have the opportunity to fish, swim, hike, hunt for clams and go a floundering. A highlight of the trip will be a seafood dinner served in the main dining room of the Encampment Friday night. The return trip will be made Saturday.

The following sponsors will make the trip with the young people: Mr. and Mrs. Herbert Colburn Mr. and Mrs. Ben Edmonds, Rev. and Mrs. A. F. Russell, and Mr. and Mrs. Jimmie Asher.

Highway Roulette

Speed is the number one killer on American highways because too many motorists think they can get away with a heavy foot on the accelerator "Just one more time." In a way, the driver who speeds is taking just about the same chance as the crackpot who plays Russian Roulette. Maybe nothing will happen for a few spins, but eventually the result can be fatal.

The real danger of high speeds does not necessarily lie in increased frequency of accidents but rather in increased severity. As Hathaway G. Kemper, president of Lumbermens Mutual Casualty Company and a leader in highway safety, pointed out, the faster a motorist drives the greater are his chances of being killed if he has an accident.

Some people may argue that, in this jet-propelled atomic age, drivers are entitled to go faster to get where they are going sooner. Actually, driving at a higher speed doesn't make too much difference in the amount of time spent on a trip.

In a test in Kansas, two cars were sent out on a 295-mile trip over the same route. One car was driven at a top speed of 65, and it made the trip in 6 hours and 25 minutes. The other car was driven at a top speed of 50, and it made the trip in 6 hours and 50 minutes. Although the faster driver saved 6 per cent in time, he lost 11 per cent in gasoline consumption, 50 per cent in oil consumption — and he almost doubled the possibility of his having a fatal accident in addition to endangering the lives of others.

You owe it to yourself and your family to drive carefully. After all, the true test of driving skill is not the ability to drive a car as fast as it will go but is the ability to get yourself and your passengers to your destination safely.

R. J. Balhorn Wins 5th Place

Robert J. (Bobby) Balhorn of Cameron placed fifth in the freshman Slide rule contest in the annual contests at Texas A. and M. College.

He is an aeronautical enginnering student, the son of Mr. and Mrs. W. W. Balhorn of Cameron.

Mrs. Montford's Funeral Is Held

ROSEBUD, May 2—Mrs. Ruth Taylor Montford, 63, died at her home in Rosebud Wednesday following several weeks' illness. She had formerly resided at Bryan but had made her home in Rosebud for about 30 years.

Funeral services were held Friday at the Nicholson Funeral Home chapel with Rev. Theo. A. Binford and Rev. Leon Peacock officiating. Burial was in Woodland Cemetery.

She is survived by her husband, John William Montford, Rosebud; three sisters, Miss Roslie Taylor, Mrs. Roy Taylor Goodlow and Mrs James Monk, all of Bryan.

Cpl. Denson Ermis Stationed At Oahu

Cpl. Denson B. Ermis, son of Mr and Mrs. John J. Ermis of Route 4, Cameron is serving at the Marine Corps Air Station at Kareohe Bay, Oahu, T. H. with Composite Squadron 1.

The squadron, formed in Korea for special bombing missions with the 1st Marine Aircraft Wing, arrived there in April and has been assigned to Air Group 13, an element of the 1st Provisional Marine Air-Ground Task Force.

Group 13 is participating with the 4th Marine Regiment in coordinated air-ground maneuvers on the island of Oshu.

Several Saddle Club Members Win Honors At Milam Show

Several members of the local Saddle Club won prizes at the Marlin Empty Saddle Club Horseshow recently. Approximately 23 members participated in the downtown parade and later attended the horse show that night.

Winning prizes were Mary Belle Batte's Shetland Pony, under 46 inches, "Timmy", who placed first. The pony was ridden in the show by Kim McDermott, the daughter of Lyle McDermott.

Pete Smith showed his horse "Pancho Buck" which placed second in the Quarter-Stallion Halter Class; Faye Angell's horse "Traveler" placed fourth in the Ladies Pleasure Class.

Mrs. Lewis Guest Speaker at B & P W

Mrs. Ida Bell Lewis, District Director of the Business and Professional Women's Club, was guest speaker at their local meeting recently. She was introduced by Mrs. Vance Werner, program chairman. In her talk on National Defense, she brought out many facts pertaining to what to do in case of a local emergency.

Mrs. Roberta Bowling presided in the absence of Miss Leonora A. Bickett.

Candidates selected to represent the local club at the B & PW State Convention in Brownsville on June 2 through the fifth were Miss Bickett, Mrs. Florence Markham, Mrs. Mary Houston and Miss Irene Williams.

The hostesses for the evening, Mrs. Markham and Miss Lala Meyers, served a salad plate and iced drinks buffet style to the attending members.

Several arrangements of bluebonnets completed the floral arrangements, with the refreshment table laid with a white cloth with red crepe paper entwined down the center.

Their next regular meeting will be May 16 at the Milam Coffee Shop with the program to be on Public Relations by Mrs. Neomi Needham.

Home for the weekend were a number of college students: Lynn Lewis, Anne Hinyard, attending school at Southwest Texas State Teachers College, San Marcos, and Martha Collins, student at University of Houston.

The distance between some people's ears is one block.

Most vacationists go away for a little change, but come back with a lot less.

PUBLIC SERVICE • ADVERTISING COUNCIL •

An official public service message prepared by
The Advertising Council in cooperation with the National Safety Council.

Contributed as a public service by
THE CAMERON HERALD

Mr. and Mrs. Bob Balusek, wed recently in the Thorndale Methodist Church and now making their home at 608 West Main Street in Cameron. Mrs. Balusek is the former Norma Chambers, daughter of Mr. and Mrs. O. B. Chambers of Thorndale and Mr. Balusek, assistant manager at Penny's Department store in Cameron, is the son of Mrs. Emil Warnli of Taylor. He was released from duty with the U. S. Army in December and assumed his position with Penny's here shortly thereafter. She is now an employee at the First National Bank here.

Contributions For Koreans Given By Milam Home Demonstration Council

The Milam County Home Demonstration Council met at the annex building near the First Baptist church in Cameron Monday, April 25 with twenty four present.

The chairman Mrs. Buck Angell was in Austin and Mrs. Theo Fuchs acted as chairman. Mrs. Jenkins of Minerva read the minutes of the last council and called the roll.

The council voted to have a family picnic during National H. D. Week which is from May 1 to May 7. After some discussion it would be impossible for several to attend Then it was decided to withdraw a motion for that, and instead the council voted that each club do something in their own club. Every body seemed too busy to have all clubs get together.

Plans for summer camp have not been made, but Mrs. Fuchs appointed the following ladies as a committee to see about plans for the camp as to time, place, etc. Mesdames T. R. Allen, Joe Brown and Robert Glenn are on the committee.

Club members are urged to insist on folks in their communities giving blood when they have a chance. Each club president is to send name in as to who is to be responsible for it.

Council discussed things to do for Koreans.

Mrs. Alice Hughes, agent, gave out valuable information regarding such and urged that all clubs take interest in it.

Money or commodities are to be in Houston by May 10.

Each club is asked by council to give $5.00 to the cause, and let it be a National H. D. Week project. Council voted to give $40.00 to the cause.

Checks from clubs are to be sent to Council treasurer.

Mrs. Theo Fuchs announced that the County nurse Jackson will be at Buckholts meeting May 9 at 8 p. m. in the Home making building.

Buckholts will furnish recreation for the next council meeting held in Rockdale in May.

The T. H. D. A. Chairman gave her report.

Election candidates will be in May at council.

Worksheets were handed out, and are to be filled out.

The State Recreation chairman asks that clubs send recreation to Mrs. Curry after next meeting of clubs.

Candidate to state meet must be a member for one year.

The District Conference report was given by Mrs. Curry.

She reported that $100.00 had been turned back for the 4-H clubs benefit.

There being no further business council adjourned.

Mrs. George Logan, reporter

T.S.C.W. Alumnae Officers Are Elected

The Milam County Chapter of the T. S. C. W. Alumnae Association met at the Episcopal Parish House in Rockdale, on Tuesday, April 26, at 7:30 p. m. with Mrs. J. A. Beesley as hostess.

Officers were elected for the new year which will begin next fall.

After the business session, the guests were entertained by Miss Nona Dymke, a Rockdale high School Senior, who sang two selections, accompanied on the piano by Mrs. Sample of Rockdale. Miss Dymke has recently been awarded a scholarship to T. S. C. W. due to her lovely soprano voice.

Guest speaker at the meeting was Mrs. H. D. Maxwell, teacher in the Rockdale Public Schools, who talked of Women in Todays World.

Refreshments were served and the meeting was adjourned. The next scheduled meeting is for September 27, 1955.

Former Milam Co. Men Visit In Cameron

Scuyler E. Boothe of Paducah and his brother, Noel E. Boothe of Lamesa were guest in Cameron last week. They were house guests in the home of their cousin, Mrs. John Ryan and her father, Mr. Sloan.

Both the Boothe men are owners and operators of the Ben Franklin stores in their respective towns and were on a vacation trip to visit relatives and friends. While here they visited their old home place at Sandy Grove, where they were born and attended school. They moved away from Sandy Grove in 1906, and had not been back since that time. Mrs. Ryan and Mr. Sloan accompanied them to Sandy Grove and to Milano for a visit. While here they visited H. E. Graham, who was a teacher in the Sandy Grove school while they lived there.

In Cameron they visited friends at the court house and also went to the cemetery. Both were in agreement that many changes had been made since they were here forty nine years ago.

Lucille Laughter Is Valedictorian Of Class In Beeville

Lucille Laughter is valedictorian of her class in Beeville this year, the principal, A. C. Jones has announced. Eldridge Custer shared honors with Miss Laughter as salutatorian. Both have a four year scholastic average of 90 per cent Miss Laughter is the daughter of Mr. and Mrs. P. D. Laughter of Beeville.

President of the R. A. Hall Chapter of the National Honor Society, Lucille is also a member of the Trojan Band and of Principal Kenneth Munson's office staff at Tyler elementary school. She holds district and regional band honors, and has participated in varous activities at the school.

Both the valedictorian and salutorian will appear on the commencement program, Tuesday night, May 24.

Miss Laughter's mother is a former member of the Cameron school faculty. She is the former Dora Emily Moore and the daughter of the late Mr. and Mrs. George T. Moore, Sr. who were residents of Cameron for many years. She is now a member of the Beeville school faculty. Her husband is associated with Stanolind Oil and Gas Company.

TEXAS POWER & LIGHT COMPANY

SO MUCH MORE CAR... AT SUCH A LOW PRICE!

Plymouth judged "America's Most Beautiful Car" by famous professional artists, the Society of Illustrators

Have you compared price tags on Plymouth and the other two low-price cars lately? And, have you checked prices on the medium-price cars that claim they cost as little as Plymouth? If you have, you've discovered three facts of great importance:

BEST BUY NEW; BETTER TRADE-IN, TOO

1

Model for model, all low-price cars are priced about the same. But the Plymouth price *includes* such items as electric windshield wipers, an oil bath air cleaner, resistor-type spark plugs, and a high-output generator; items you have to pay *extra* for on the other cars. (And don't be fooled by the claims of medium-price cars that they cost as little as Plymouth; *add total prices* —you'll see the difference quickly.)

2

Prices of the big, beautiful Plymouth are surprisingly low! At Plymouth's low prices you get a car that's not only larger and roomier than all the other cars in Plymouth's field, but actually *bigger* than some cars costing many hundreds of dollars more! And when it comes to *endurance*, Plymouth leads them all! That's why there are more Plymouths used as taxicabs than all other cars *combined!*

3

When you compare VALUE, Plymouth is like the high-price cars in everything but the price tag! It's the only low-price car this year with all-new, Forward-Look styling. In powerplants, Plymouth offers the thriftiest, smoothest six, and the most powerful standard V-8 in the lowest-price field. Inside, it's the roomiest, most comfortable car of "all 3," and has the greatest visibility of any low-price car.

A lot of people are finding out that Plymouth's low price offers the *most value per dollar* of any car in its field. So many people, in fact, that Plymouth sales have been record-breaking this year. See your dealer today, and you'll see why *the big swing this year is to PLYMOUTH.*

Carol Ann Matula Named President Yoe FHA Chapter

by Mary Ellen Richter
Jr. F. H. A. Reporter.

Ruth Matyastik president of the Yoe Junior FHA chapter presided at the regular meeting, May 2, at 7:30 p. m. in the Yoe High Gum.

The Junior officers assisting were Peggy Burke, vice president; Mary Harwell, secretary; Gloria Boyis, treasurer; Mary Ellen Richter, reporter; Janice Bridges, historian; Barbara Kotrola, Sgt. at arms; and Delois Pimpler, song leader. Imelda Hanel presented honorary membership pins to Mrs Frank Hanel, Mrs. Irma Kelly and Mr. and Mrs. Albert horstmann. Guy Clement also elected to honorary membership, was unable to attend. Mrs. R. J. Woodum gave Marye Horstmann chairman of the Easter Crippled Childrens Drive, certificates to be presented to those who participated in the drive. The following girls devoted at least one hours to this worthy cause: Marye Horstmann, Maurine Carlisle, Frances Caddell, Betty Sanders, Jeanne Solomon, Norma Faye Parcus, Mary Eisinger, Mabel Tyson, Patsy Veasey, Anita Trdy, Beverly Rice, Faye Angell, Dorothy Kelley, Colleen Damron, Imelda Hanel, Gloria Harber, Mary Ann Pilling, Thelma Hayes, Norma Bowley Betty Warner, Hazel Butler, and Mrs. W. H. Fatheree Jr.

Annetta Shelander was appointed chairman of the Green Stamps committee. Peggy Burke, chairman of the Summer Activity Program gave an outline of the sumdates were suggested. June 22 or 23, families get together party; July 22, swimming and slumber party, and August 23, installation of new officers.

The list of officers for the coming year was presented by Imelda Hanel and accepted by the chapter. The list read Carol Matula, president; Rita Ried, vice president; Anita Trdy, secretary; Gloria Harber, public relations treasurer; Frances Hubnik, bookkeeping treasurer; Ruth Matyastik, parlementarian; Wilma Baldridge, Sgt. at Arms; Rita Moraw, reporter; Janice Bridges, historian; Bernice Zarosky, song leader; Elizabeth Newton, pianist.

The five girls who attended the State FHA meeting in Galveston gave a report on the highlights of the meeting. Business was then discussed.

Following the meeting, approximately 135 FFA boys and FHA girls joined in the gym for a recreational program of table games and dancing.

Guests were Mr. and Mrs. V. F. Voglesang, honorary members elected last year and Mrs. Emil Hollas and daughter, Dorene.

Davilla Community Hit By High Winds

-by Mrs. Florence Spiegel
Herald Correspondent

About 7 p. m. Friday a wind about 80 miles an hour struck Davilla wrecking or damaging about 75 per cent of the buildings in the small town. The Davilla people said the wind looked as if a white smoke ran along the ground. The wind blew about three minutes.

The Christian church and the school auditorium were demolished. The roof was blown off the school gym and wrecked. The Methodist church was blown off of its blocks, and badly damaged. It will have to be torn down. Some of the buildings badly damaged were:

The Garrett home, a large two-story building.

Joe Duncum home.

Edwin Walker home.

Grandma Burns home.

The Tabernacle was destroyed. It was used for summer revivals.

The Tabernacle was blown against the Clyde Moore and damaged the home badly.

Mrs. A. Williams Dies at Daughters Home In Salem

Mrs. Addie Williams, 68 years of age, died at her daughters, Mrs. Floyd Spivey's home in the Salem Community Sunday, May 8, at 12 a. m. following a long illness.

Mrs. Williams had been a lifelong resident of Milam County.

Funeral services were scheduled at the Powers Funeral Chapel at 4 p. m. Monday, May 9, with the body to be at the Green's Funeral Home in Rosebud until funeral time.

Survivors include four daughters Mrs. D. M. Hamilton, Mrs. Wesley Fowell and Mrs. Floyd Spivey of New Salem and Mrs. Faye Manning of Waco; three sons, H. R. and Ernest Williams of Waco and John Wayne Williams of Cedar Springs; Six brothers, Jim Dodson, Bickett Dodson and Bentley Dodson all of Cameron, Thurmon Dodson of Minerva, Even Dodson of Maysfield and George Dodson of Monahans.

Other survivors are three sisters, Mrs. J. T. Cranford of Roanoke, Mrs. Willie Phipps of Jones Prairie and Mrs. Robert Ward of Rogers and one step-sister, Mrs. Ermie Edmonds of Texas City; 13 grandchildren and eight great grandchildren.

Milano 4-H'ers To Go To Belton Camp

-by Helen Louise Mitcham

The 4-H meeting of Milano was held in the 7th grade room at Milano School recent.

Mrs. Alice Hughes asked them to sign their names and addresses on a sheet of paper so she could write them about the 4-H Camp in Belton August 2 and 3.

Following that, the president, Frances Hoffman, called the meeting to order and the secretary, Grace Pairett called the roll and only two were absent.

The recreation leader, Diana McNiel led in the pledge, prayer and motto. The song, Open Up Your Heart was sung.

The members voted to attend the camp at Belton during August.

More Cover Crops Here In 1954 Than In Any Year

The areas where adopted, Farmers Home Administration borrowers grew more winter cover crops in 1954 than in any previous year since 1949, according to Mr. Walter T. McKay, State Director of the Farmers Home Administration. The limiting factor was moisture conditions; however, farmers in the eastern half of the state, as well as in the Gulf Coast section, were able to get good stands of legumes and small grains which grew off fairly well.

Early last fall FHA County Supervisors made individual plans with borrowers regarding their winter cover crop program, extending credit where necessary. This resulted in the production of muchneeded winter grazing crops for the the soil improvement value of the legume crops. Such soil improvement values will be reflected in higher yields of cash crops grown on the land in 1955.

Mr. McKay stated that records of past years of FHA borrowers clearly demonstrate the increase in debt paying ability of borrowers who follow a soil building and winter grazing program in their farming operations.

Frank Bridges, County Supervisor for Milam and Burleson Counties reported that FHA borrowers in this area were selling heavier and better quality calves due to the increase in soil building and winter graxing program.

Marion Fuchs And Inell Tomascek Feted By Mrs. Brady

Honoring Miss Marion Fuchs and Miss Inell Tomascek, high school graduates, Mrs. Leon Brady entertained with a formal party Saturday evening at her Ranch home near Buckholts.

The hostess directing recreation, was assisted by the honorees. Guests were entertained on the lawn, where hurricane lamps furnished light for the occasion. The class colors, bue and gold, provided the theme for the flowers and decorations.

The crystal punch bowl encircled with an arrangement of tailsman roses and fern centered the refreshment table, and on either side crystal holders held lighted blue tapers with hurricane globes.

Guests were invited to the breezeway for dancing, through an arc of yellow roses guarding the entrance. Muted wall lamps gave lighting, and roses and potted plants decorated the room.

Included in the guest list were the sixteen graduating seniors and their dates.

1st. Lt. W. T. Hanes Arrives At African Air Force Base

First Lieutenant W. T. Hanes, Jr has arrived at Ben Guerer Air Force Base, Marakesh, French Morocco, North Africa.

Prior to leaving for Africa, Lt. Hanes was stationed at Albuquerque, New Mexico. Before leaving he and his family spent the weekend here with his parents, Mr. and Mrs. W. T. Hanes, Sr., who accompanied them to Houston where he left via air for his present base.

Mrs. Hanes and their baby son, William Travis III will be at the home of her parents, Mr. and Mrs. Victor Bouldin in Houston for some time before joining Lt. Hanes in North Africa.

112 Year Old Veteran Grandfather Of Local Women

Colonel Walter Williams, 112-year old Texas Veteran of the Civil War, and grandfather of Mrs. Gus McLain and Mrs. Gene Blake, will be present at Temple's Santa Fe Diamond Day celebration on June 29.

The "Colonel" is an honorary commission, and around his home near Franklin the old gentleman is known as "Uncle Walt". He is one of three living Confederate veterans and was a member of the famed Hood Brigade.

Retail Merchants Of Texas To Meet In Galveston May 22

The convention program of the 55th annual business conference and credit sales clinic of the Retail Merchants Association of Texas and affiliated units, May 22-24, has been completed Joe C. Denson, Manager, said today he had been advised.

A large delegation of merchants, retail store department heads, credit and collection managers and other key employees from this area is planning to attend the convention, Denson said.

There will be two sessions of the convention proper, he said. A panel discussion and election of officers will complete the second session.

Convention headquarters will be the Buccaneer Hotel in Galveston.

Milam Farm Bureau To Present Civil Defense Program May 19

John A. Smith, president of the Milam County Farm Bureau wishes to announce to the general public a Civil Defense program to be given by The Milam County Farm Bureau at their general membership meeting on Thursday, May 19, 1955 at 8 p. m. in the C. H Yoe High School Audtorium.

Ralph Husted, State Relations Representative of the American National Red Cross, and member of the State Civil Defense Council of the State of Texas will be the gest speaker for the evening.

Mrs.Husteds position is to coordinate all Red Cross disaster operations in the state of Texas, and also to assist in the development of a program for Civil Defense planning in the State of Texas.

This program is not alone planned for the condition of war, but is set up to take care of any disaster, such as floods, tornado, fires and etc.

President Smith urges the entire population of Milam Count to take advantage of this program and learn something of how to protect and care for yourself, your family and friends in case such a disaster should come.

Home Garden Club Meets At Home Of Mrs. S. S. Hickman

Mrs. S. S. Hickman was hostess when the Home and Garden Club met Tuesday afternoon.

Spring flowers were used through out the rooms for decoration.

Mrs. E. B. Yager presided over a brief business session. Mrs. R. K. Fontaine was in charge of the games, Mrs. Robert Glenn gave a reading titled "One Magic Morning".

The hostess served ice cream and cookies, to twelve members and two guests, Mrs. W. J. Fontaine and Mrs. W. R. B. Hughes, who later were welcomed as new members.

Final Rites For Mrs. Mary Ambriz Held Tuesday

Funeral services for Mrs. Mary Ambriz, 49, were held at 3:30 p.m. Tuesday, May 10 at Our Lady of Guadelupe Catholic Church with Father Terraya of Waco officiating. Burial was made in the church cemetery with Marek-Burns funeral directors in charge of arrangements.

Mrs. Ambriz died in Cameron following a hart attack Monday. She was born in March of 1906 in Mexico.

Survivors include her husband, Joe Ambriz of Ben Arnold; six sons, Jesse Ambriz, Julius Ambriz, Juan Ambriz, Fredrico Ambriz, Alfredo Ambriz, and Joe Ambriz, Jr. all of Ben Arnold; a daughter, Consuela Ambriz of Ben Arnold; a brother, Ed Munoz of Burlington and four sisters, Mrs. Amada Robledo of Killeen; Mrs. Jesusa Vega of Cameron, Mrs. Lupe Arrendo of Bryan and Mrs. Francisca Estrada of Killeen.

Guests in the home of Mr. and Mrs. Vince Krupicka of Buckholts Sunday were Mr. and Mrs. W. J. Krupicka and daughters of Temple, Mr. and Mrs. R. C. Gallier and family, Mrs. Albinia Tepera all of Cameron, Mr. and Mrs. A. R. Pfannstiel and Mr. and Mrs. A. F. Vybiral all of Buckholts, Mr and Mrs. B. F. Krupicka and sons, Mr. and Mrs. A. J. Krupicka and daughters, Mr. and Mrs. A. V. Krupicka all of Waco

In The House of Representatives

-by Herman Yezak

May 2 - 6. Legislation designed to correct irregularities in the Veterans Land program won House approval. The changes the bill makes would strenghten the administration of the program and stahilize its operation.

The Senate approved a previously passed House bill authorizing the State Parks Board to issue $25,000-000 in bonds to construct lodges and ma'k permanent improvement at State Parks.

Speed limits of pickups will be increased from 45 to 60 miles an hour by the terms of a bill that was finally approved and sent to the Governor.

The House passed a Senate bill that compromises views of big companies and little companies on financial requirements for life insurance companies.

Vehicles that are caught transporting narcotics will be subject to confiscation by the State under the terms of a House bill passed by the Senate.

The House passed a bill to exempt non-revenue property of the American Legion and other veteran organizations from local taxation.

The House stayed in session Thursday night and passed thirty-six bills that were on the local and uncontested calendar.

An effort was made and failed to take up for consideration the bill providing for a compulsory student activitiy fee of $15 per semester at all state colleges.

A conference committee on the part of the House and the Senate are working on adjusting the general appropriation bill. The committee could cut the appropriations to an amount without the need of additional taxes.

During the week, the State affairs committee of the Senate conducted a series of public hearings on the House passed tax bill. Observers predict that it will take Legislators two or three weeks to complete the work on appropriations and the tax bills.

The House finally passed a bill making it a felony to break into a coin operated machine.

The House passed a Senate resolution creating a commission to make a study for improving higher education in our state colleges.

Passed in the House was a Senate Bill revamping the law pertaining to the licensing of real estate dealers and agents.

Speaker of the House Jim Lindsey and family were honored with many gifts on Speaker's Day in the House on Thursday. Eight formers Speakers were present for the ceremony.

On Thursday, May 10, the pay for Legislators stops. This change was inserted in the Constitution when the pay raise amendment was approved in the last general election in November.

Henry Bell Retires From Cattle Club

The executive committee of the Texas and Southwestern Cattle Raisers Association has announced the retirement of Henry Bell as secretary-general manager and the appointment of Chas. A. Stewart to succeed Bell effective June 1.

Bell has served as secretary-general manager since 1937, succeeding the late E. B. Spiller. He started working for the Association in 1920 as bookkeeper and became assistant secretary in 1925.

When Bell took over management of the Association in 1937 the organization had 2,124 members, 34 employees and occupied limited quarters near the Fort Worth Stock yards. Upon his retirement the Association has grown to nearly 10,-000 members, 113 employees and owns a large two-story building for its headquarters in downtown Fort Worth, being the only State Cattlemens Association to own the building it occupies.

Of the 113 employees, 31 are field inspectors stationed in all sections of Texas and Oklahoma. The Association also maintains inspectors on 14 markets to which Texas cattle are shipped.

Local History Club Entertains With Luncheon Saturday

Mrs. W. H. Garner and Mrs. S. A. Cottle were co-hostesses Saturday for the Cameron History Club. At one o'clock a "Modern in Texas luncheon" was served. Each item on the menu was either grown or made in Texas.

Pink roses and glads were used for floral decorations at the home of Mrs. Garner on North Jackson.

Other than fourteen club members six guests were present and included, Mesdames, Milton Brown Jr. E. O. Smith, Niley Smith, Jr., John Davis, H. P. Culpepper and Albert Collins.

Mrs. John Rosson was program leader and gave short skits on the personality of each club members.

Bryce McClellen, a student at Baylor University and Mr. and Mrs. W. H. Kolter, Jr. of Houston were visitors in the home of Mr. and Mrs. H. B. McClellen Sunday. Mrs. Kolter is the former Mary Neil McClellen.

Buckholts Seniors Honored Monday At Barbeque, Party

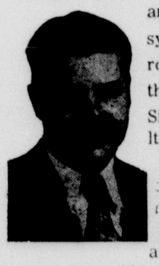
Buckholts School seniors were special guests at a Junior-Senior barbecue and skating party given in their honor Monday night.

The group of young people met with their sponsor, Coach Louis DeWald and other faculty members at the high school where they were treated to a mutton barbecue supper held on the lighted ball gressed in motor cars to the Legion Ball park in Temple wnere they enjoyed skating and dancing in the Legion Hall.

KNOWLEDGE IS POWER

In this high-speed age, nervous disorders are common. Insomnia, nervous indigestion, headaches, asthma and heart trouble are a few classical examples of nervous disorders.

Learn the facts about your Spine and the nervous system and the role it plays in the problems of Sickness and health.



Call at the Clinic for an instrumental spinal analysis. Effective and corrective adjustments will release impinged nerves and restore normal nerve function and eliminate many conditions that have resisted other methods of treatment.

Many patients suffering from a variety of conditions have been cared for in our Clinic. Ask about them for comparative purposes in your case.

Call the Clinic for an appointment to discuss your condition. Our time is at your disposal.

AGREED! "The sooner the medical profession recognizes the work of the chiropractor, the better. He is doing the work that medicine cannot do; he belongs exclusively to the class of specialists and should be so recognized."

RECIPE OF THE WEEK
(clip and save)
OLD FASHIONED POUND CAKE

1 lb. sugar,
1 lb. margarine or shortening
1 lb. flour,
2 teaspoons lemon flavor
8 eggs.

Cream sugar and margarine, add flavor, add one egg at a time, and beat after each egg is added

Fold in flour. This makes a large cake baked in funnel pan or a small one by using ½ recipe. Bake at 200 about 1½ hours or until cake leaves the side of pan.

Girl Scout Board Makes Final Plans For Day Camp

Cameron Girl Scout Board met in a post-poned meeting at 2:30 Thursday afternoon at the Presbyterian church with seven members present.

The president, Rev. Rev. Solomon presented a report on the Father-Daughter banquet which was held in March.

Plans are complete for the Girl Scout day camp as was reported by the camp chairman Mrs. Joe Parker. The Day-Camp is held each year at Ledbetter Park and will be for five days, May 30 through June 3.

Mrs. Lester Williams reported on recent work that has been completed at Camp Tex-Lake, the established Girl Scout camp for this area. A new infirmary building has been completed and several more camp shelters built. Improvements include a stair-way leading to the swimming area.

The June meeting will conclude camp shelters built. Improvements include a stair-way leading to the swimming area.

The June meeting will conclude the board meetings for this year.

How To Care For Plants Injured By Winter Freezes

Limbs of cold-injured plants which are dying back or show signs of drying should be examined. Gardenia. crepe myrtle and many other plants are losing bark. Examine the stems. Those receiving the worst injury have the bark entirely loose. The harder stems may have only a slit or rupture now and then. These slits usually run straight up and down the stem. It is a good idea to cut the plant back enough to remove all of the injured wood. Crape myrtle, vitex and many other plants will soon grow sprouts several feet long and will bloom during next summer. These may be cut at ground level. Gardenias may bloom little or none at all after serious cold inury. Do not cut off any more wood than absolutely necessary.

If the cold ruptured limbs are left on a plant it may exhaust itself in trying to heal itself. Many plants will heal over the split bark but their growth will not be normal thereafter. Small leaves, yellow leaves and few flowers may be formed on the injured limb. Plants vary in their ability to overcome injury. It is a good idea to remember that one of the general rules for pruning is to cut off all dead or injured limbs to make way for new growth.

HAVE YOU CONTRIBUTED YOUR DOLLAR? Shown above is Mrs. W. T. Whatley, Sr. left, contributing her dollar to Mrs. Harry Haraway, right, for the library drive, which is being conducted in Cameron. Solictions are being made and citizens have been urged to support the Public Library by purchasing a membership card. It was emphasized, however that you do not have to purchase a membership card to be able to check books from the library.

Mr. Simecek is employed at McLane Wholesale Co.

Southern Baptist Convention May 18-21

Thirty-two hundred Texans will leave next week for Miami, Fla. where they will attend the eighty-eighth annual meeting of the Southern Baptist Convention May 18-21.

Most of them will arrive in time to attend two other meetings — the Woman's Missionary Union's annual session May 15-17 and the Southern Baptist Pastors' Conference May 16-17.

The convention is expected to attract 10,000 of the more than eight million members of Southern Baptist Convention churches. SBC churches number more than 29,000.

Convention messengers will be asked to adopt a $10,000,000 budget for 1955-56 and to approve a strong mission emphasis program covering a nine-year period.

One of the main points of the nine-year program will be a five-year plan of advance culminating in 1964, the 150th anniversary of organized Baptist work in North America. Recommendations of the program include the adoption by churches of a goal under the Baptist Cooperative Program of giving of at least 50 per cent of their gifts to world missions.

Visitors in the home of the V. L. Slaughter's over the week-end were Master Sargeant and Mrs. Henry Skelton and children, Pat and Joe Lee of Waco, Technical Sargeant and Mrs. Jack Reavis and son of Waco and Mr. and Mrs. Bob Jamison of Calvert.

Miss Vasicek, Bride Elect of Mr. Tomek, Honored At Shower

Miss Martha Vasicek, of Temple bride-elect of Clem Tomek of Cameron was honored at a come and go miscellaneous shower Sunday at Simon-George Memorial Hall.

Hostesses were Mrs. Charlie Tomek of Killeen, Mrs. W. K. Leonard, Jr., of Cameron and Mrs. James Sims of San Antonio.

Approximately sixty guests called during the afternoon and they were greeted at the door by Mrs. Leonard. In the receiving line were the bride's mother, Mrs. Frank Vasick of Temple, the groom-to-be's mother, Mrs. Frank Tomek, Sr., of Cameron and the bride-elect.

Serving punch, cake and sandwiches from the cut-work linen cloth covered table were Mrs. James Coody of Bryan, Mrs. Sims and Mrs. Tomek. A minature bride and groom resting on a reflector and edged with pink carnations centered the table.

Assisting in the house party were Miss Emma Vasicek of Temple at the bride's book, and opening gifts were Miss Jo Ann Coody of Bryan, Miss Ann Karnowski of Cameron and Miss Margaret Vasicek of Temple.

Miss Vasicek, the daughter of Mr and Mrs. Frank Vasicek of Temple will exchange nuptial vows with Mr. Tomek, son of Mr. and Mrs. Frank Tomek, Sr., of Cameron at 8 a. m. May 17 at St. Marys Church, Temple, with Rev. Bernard Goertz performing the ceremony.

TRADE IN CAMERON

Linda R. Tucker Feted With Party

Linda Ruth, daughter of Mr. and Mrs. Ray Tucker, was honored with a birthday party at her home Sunday afternoon.

After the group enjoyed games they were served cake and punch. The cake was decorated in pink and green.

The honoree was presented with many lovely gifts.

It's Performance That Counts!

CAPTAIN I. R. OLSON tells why he uses Flite-Fuel

"I'm a Captain for Continental Air Lines. We use Phillips 66 Aviation Gasoline regularly in our airplanes. It contains the super-power component Di-isopropyl, and that makes it a very high performance fuel.

"In my car, I like to get the best performance possible so I use Phillips 66 FLITE-FUEL. It's the only automobile gasoline that contains added Di-isopropyl. It gives me what I want ... power, smoothness and long mileage."

Capt. I. R. Olson

Captain I. R. Olson
Continental Air Lines

For super performance, fill up with Flite-Fuel

HIGHER OCTANE! New FLITE-FUEL is the only gasoline to which is added the super aviation fuel component Di-isopropyl. And today's FLITE-FUEL is better than ever. Both new FLITE-FUEL and new Phillips 66 Gasoline have been fortified for increased power, higher octane, longer mileage. Fill up at your Phillips 66 Dealer's.

Bingo and other entertainment will follow the supper.

Insects Worse Daily Farmers Say

It has been reported by many farmers that the insects are very, very bad and getting worse by the day. Tomato and melon farmers have been having to use poison, DDT & Copper dust mixture and Lindane 1 per cent to rid their crops of the many insects bothering them. There are many types of poison but many of these burn or kill the tiny crops so it is advised that they use caution in selecting their poisons.

Cotton farmers have been using Toxephene and 3-5-40, which is composed of 3 per cent Benzene Hexachloride, 5 per cent DDT and 40 per cent Sulphur.

Wilson Produce Co. has a large stock of most all dust poisons and have a large quanity of liquid poisons arriving Thursday morning.

Wilson Produce also wants to remind you farmers that it is peanut planting time and they carry the famous Hou-Tex seed peanuts.

Sara Esslinger of TSCW, Denton spent Mother's Day with her parents, Mr. and Mrs. A. W. Esslinger.

Vegetable Chips And Nuggets Are New In Way of Snacks

Tasty new snacks made from familiar vegetables are in store for consumers. These are deep fat fried chips and nuggets.

The chips are made from carrots, beets and parsnips and the nuggets are dried peas and lima beans. These crisp and tasty vegetable products will give potato-chippers an added line of foods which will have a wide appeal.

The carrot, beet and parsnip chips retain the characteristic taste of these vegetables. The peas and lima bean nuggets have a nut-like flavor all their own. Besides their use as snack items, the nuggets can be ground into soup powders that reconstitute in hot water in a few minutes.

These new products were developed at USDA Eastern Regional Research Laboratory. Though no commercial-scale production has been undertaken, major food processors are actively interested in these new products.

Mary Randolph Offered Position At M-H Baylor

Miss Mary Randolph, a teacher in the Cameron Independent school was honored this summer by an invitation from Dr. Arthur K. Tyson, president of Mary Hardin Baylor College, urging her to teach Art Education at the college this summer.

She was asked to handle the Art Education for Public School Teachers during the first six week semester.

When questioned Miss Randolph stated that although she would like to accept the position she had already planned to accompany several Cameron teachers to the National Education Association meeting in Chicago during July and would be unable to change her plans.

Rotation Grazing Is Essential To Good Pasture Management

Rotation grazing is essential to good pasture management.

"Cattle feeding continuously on a pasture can trample a lot of good grazing into the ground," E. M. Trew, extension pasture specialist, says. "Grazing efficiency studies show that often only 50 percent of the grazing produced is eaten by livestock."

Pasture rotation "rations out" the grazing and forces livestock to remove all the growth from a small area in a short time. Under rotation, plants may be grazed when most palatable and are given opportunity for regrowth and rest between grazings.

Since rotation grazing calls for cross-fencing, the use of inexpensive, portable electric fences is recommended.

Many stockman who practice rotation will have more grass from now until about July 1 than they can use, Trew says. If the supply outstrips demand, bale or ensile the excess for feed insurance.

Mowing is important to proper pasture management for two reasons: to control weeds and to revert plants into new growth. Mowing during the growing season keeps plants in a vegetative, nutritious condition.

Other investments of time and labor which go into improved pastures are wasted, however, unless there is ample fertility in the soil. A soil test tells the right kind and amounts of fertilizer you need.

Animals grazing lush, fast growing pasture will need some dry hay, Trew adds. Many stockmen meet this requirement by mowing several strips across their pastures This way, cattle pick up the dry grass as needed.

Last St. Rita's Circle Meeting Until September is Held

Last business meeting until the St. Ritas Circle reconvenes next September was held Tuesday, May 3 with fifteen members present. A telegram was read from the chairman of the board of the N. C. C. W of the Austin Diocese thanking the Circle for the hospitality during the boards meeting here on April 26.

All members of the Circle are urged to attend six o'clock Mass and receive Holy Communion in a body on Sunday, May 22, which is the feast day of St. Rita.

A social for members at which "42" will be played was planned for May 18 at 2:30.

Committees were appointed to prepare menu for Junior-Senior banquet May 12 at the Simon-George Hall.

A donation was made to the St. Monica parish for the newly erected fence around church property.

Dr. Audrey Boyce closed the meeting after receiting the rosary.

Hostsses, Mrs. Richard Hollas and Mrs. Frank Karnowski served angel food cake and coffee.

Wayne Hobbs Former Cameron Man Guest Conductor At Concert

Wayne Hobbs was guest conductor at the Spring Concert held May 1, at Sam Houston State Teachers College in Huntsville. Mr. Hobbs is a former Cameron resident, having graduated from Ada Henderson school before going to Freeport where he graduated from high school. He is now a junior at Hunts ville and is majoring in music. He was a member of Yoe High school band here, under the direction of Francis Cox.

He is past president of Kappa Kappa Psi, national honorary fraternity for college bandsman on the campus and was presented with a pen from the incoming president of the fraternity.

Mr. Hobbs is the son of Mrs. Una Manous and the grandson of Mr. and Mrs. W. R. Hughes of Jones Prairie.

Texas Farmers Urged To "Get Jump On" Cotton Insects

Texas farmers are urged to get the jump on costly cotton insects by starting insect control measures early.

"Cotton starts off faster, fruits earlier and yields higher when early season insect control practices are followed," Dr. F. M. Fuller, extension entomologist, says.

Initial dust or spray treatments should be made when cotton reaches the two to four leaf stage or earlier if necessary. Two to four applications of insecticides usually will control the season's first offender's — thrips, red spiders, aphids, fleahoppers and over-wintered boll weevils.

Unless fleahopper and boll weevil infestations remain injurious, the early season phase of insect control should be curtailed about 30 days before the boolworm normally appears. This allows time for a build up of beneficial insects which also help control bollworms

Sprays are more effective and economical than dusts on young cotton, Fuller says.

More information on early season control is given in the 1955 Guide for Controlling Cotton Insects in Texas. This guide lists each recommended insecticide and its rate of application The bulletin, L-213, also contains a detailed program for late season control of cotton insects. Available from local county agents, this bulletin is free for the asking.

Boys CYO Softball Team Sets Up Slaughtering House

Members of the Catholic Youth Organization boys softball team have gone into the slaughtering business as reports of recent ballgames indicate. The team is a member of the area CYO Softball League which was organized to promote better sportmanship and fun for those participating and witnessing the games.

The team opened the season by whipping the Westphalia team, 29 to 14 and then took another round las Sunday when they stopped cold the Frenstad team with a 29 to 2 stomping.

It was noted that the girls CYO softball team was also undefeated in the league when their last game scheduled with Westphalia, was forfeited to the local squad.

The next boys game will be at Brenham on May 15 while the girls next game is scheduled on June 19.

With Rev. Leonard Buxkemper as coach, members of the team include Paul Hoelscher, Albert Mondrik, George Absnaider, Monroe Bayer, Lincoln Mondrik, Steve Polzer, Joseph Michalka, James Hollas Eddie Pavelek, Lee Hollas and Jimmy Thompson.

The public is invited to all games

Advice seldom helps. If we are dumb enough to need it, we haven't sense enought to use it.

Bathe Your Way to Health!

ONE LOOK and you know it's a Mercury. Exclusive Mercury styling is shared by no other car. The smart Monterey Coupe shown above is one of 11 Mercury models in 3 series.

Let us show you 5 ways you'll save with Mercury's Easy-Ownership plan

Come in today. Let us show you how we—and Mercury—can cut your costs at every stage of car ownership

1. You can get more for your present car. Let us show you how Mercury's record-breaking sales put money in your pocket. High volume lets us give a generous offer.

2. You save on first cost. Mercury prices start below 13 models in the low-price field.*

3. We arrange the easiest of terms. They are tailored to fit you personally.

4. You save on operating costs. Mercury's traditionally famous economy, low upkeep will save you money every mile you drive.

5. You save on future trade-in. Mercury consistently leads its class for resale value. You can get a higher allowance for your Mercury at trade-in time.

*Based on comparison of manufacturers' suggested list or factory retail prices

NO OTHER CAR OFFERS YOU BIGGER REASONS FOR BUYING IT

- Exclusive styling shared by no other car
- New SUPER-TORQUE V-8 engines on every model (188 and 198 horsepower)—backed by Mercury's record of producing V-8 engines exclusively
- 4-barrel vacuum carburetor on every model at no extra cost
- Dual exhausts at no extra cost on all Montclairs and Montereys
- Ball-joint front-wheel suspension
- Anti-fouling high-compression spark plugs
- Consistently highest resale value in its field, according to authoritative reports

MRS. HENRY A. CLUCK

Irene Vybiral, Henry Kluck Marry In Waco Ceremony Saturday, May 7

Miss Irene Betty Vybiral, daughter of Mr. and Mrs. Ben Vybiral of Cameron, became the bride of Henry A. Kluck, son of Mr. and Mrs. Otto Kluck of West, Texas, Saturday afternoon May 7. The ceremony was performed by Rev. E. A. Heckmann in St. Mark Luthern Church, Waco, in a setting of greenery and baskets of white gladiolis. Kenneth Schwark, organist, and Mrs. Kenneth Schwark, soloist, gave a program of wedding music.

The bride, given in marriage by her father, wore a floor length dress of white satin, nylon tulle, and lace, fashioned with a lace bodice that came to a point at the waist and fastened with self-covered buttons at the back. A small lace collar defined the neck and the long sleeves tapered to points. Panels of chantilly lace enhanced th full skirt of tulle over shimmering satin. Her fingertip veil of illusion trimmed in lace fell from a bonnet effect of seed pearls. She carried a bouquet of white and pink roses.

Mrs. Dorothy Abel of Cameron was maid of honor. Bridesmaids were Mrs. Marshall Smith of Waco and Miss Hazel Warren of Cameron. They wore identical dresses of pale blue net and crystalline with matching gloves and headpieces. They carried colonial bouquets of white carnations.

Johnnie Vybiral, brother of the bride, was best man. Groomsman were Marshall Smith of Waco and Joe Lee Vybiral of Dallas. Alvin Krupicka and Johnnie Kluck of Waco served as ushers.

An all afternoon reception was held at the Knights of Columbus Hall in Cameron. A delicious barb-que supper with all the trimmings was served. Center of interest on the brides table was a three-tiered wedding cake on a mirror reflector outlined with ruffles of white tulle. The cake was decorated in white and pink rosebuds.

Mrs. Vybiral, mother of the bride, wore a pale pink dress with navy accessories and a white carnation corsage, Mrs. Kluck, mother of the groom, wore a navy dress with black accessories and a white carnation corsage.

For the couple's wedding trip the bride choose a pale blue suit with navy accessories and a white orchid corsage.

Upon their return the couple will reside at the home, 3809 Sanger, Waco.

The bride is a graduate of Yoe High School and since has been employed by a Waco bank.

The bridegroom is a 1946 gra- employed with the Texas Highway Patrol out of Waco, Texas.

CHICKENS —

Marek, Miss Olga Marek, Mrs. George Childress, Mrs. Rush Thomas, Mrs. Mark Magers, Alvin Dusek, Mrs. E. A Flinn, Mrs. Cecil Criswell, Mrs. M. G. Cox, Miss Lillian Atkinson, Mrs J. A. Cryer, Mrss Mildred Cryer and Mrs. Ladis Marek.

COUNCIL —

age for the new highway.

Many amusing requests were asked by some of the property ownrs in return for the damage involved and property, and which, as a result, has slowed up the progress of the committee.

One church asked that perhsps the city could purchase a plot of land immediately in back of their church and move the building back while another wanted air conditioning installed. One property owner stated that he wanted $2,000 for his strip of land which does not amount to as much property another owner would sell for half that price.

The first item on the agenda was the concern over Karnes Avenue which runs from Batte St. to 4th Avenue (Highway 77) and takes in Simon-George Memorial Hall.

Property owners present at the meeting, Frank Tomek, Sr., Clarence Hanel and Richard Hollas, requested that the city make some provisions for alleviating dust on the road in front of their homes.

Grady Stidham stated that the committee would look into the matter and check to see if they could offer any immediate elimination of the dust.

The Water Committee was given the go-ahead in handling the contract for the City Swimming Pool. The only application in front of the council was submitted by Lawrence Michalka and Joe Hawkins, who operated the pool successfully last year.

The sidewalk in front of the home of Mrs. F. E. Jackson, Sr., will also be replaced since Mrs. Jackson had to uproot the trees in front of her home to make way to the highway departments new road on Crockett St., thus tearing up her old sidewalk. The committee stated that all property owners except one have complied with the requests to make way for the new street.

Robert Weems was called on to to report on the firemens truck and other facilities which are not listed in Austin. Clifford Thompson was selected after a bit of conversation to meet with a representative of the firemen. They will go to Austin to request credit for the mentioned facilities and to see if the report on the firemens truck and insurance key rate could be lowered for this city.

Next the council voted to change the city map so that the new Culpepper addition, annexed to the City, be shown. Additional maps, to be made available to the public at 50 cents each, will also be purchased by the council.

Mayor Horstman next asked the police committee to check into the red lights on city street intersections and whether it is permissiable for drivers to turn right on the red light, and if so to put up a sign indicating so.

Tabled and to be thrashed out at the next council meeting is taking the sewer department from the road committee and combining it with the Water Department.

Councilmen voted that a summer water rate to local citizens will again be made available this year.

Grady Stidham stated that he had several complaints about the stock that is grazing in the Ledbetter Park. He said quite a bit of stink had arisen about the matter (literally and figuratively) and that ladies have complained about it especially during the summer when they have to sit at the swimming pool, 'smelling'. As it is now, he continued, some people are making a regular stock pasture out of it.

Joe Richter, city marshal, was authorized to contact cattle and horse owners to remove their stock from the park.

Following the reading of the resolutions concerning the future of the parking meters and other law violators in the city, Stidham stated that it was a known fact to everyone that the meters are constantly abused and also suggested that the monthly purchased parking tickets be in a bright color.

RECREATION —

letic events for the coming year so that an actual accounting of the funds can be made.

One of the first matters to be brought to the attention of the board was the new vocational building, with the bid being to Stanley Hughes, who turned in the lowest bid. It was the decision of the board, in an effort to keep down criticism, to have an inspector supervise the building, with a committee set up to contact Rollan Carr and see if he would do the inspecting and make arrangements for charges.

Final estimates for the building and equipment reached the $20,000 mark with school men allegedly uneasy about some legislation that may come up restricting their power to make an over-all loan. They decided to look into the situation further and if legislation of that order seemed emminent to go ahead and make the full loan at this time, and if not to delay the action.

The only two additions made to the original plans of the building included a girls restroom and a water fountain nearer the classroom.

Another important item on the agenda involved the summer recreation program, worked out in detail by William Voglesang and his committee and already presented to the City Council for their cooperation. The over-all costs of the project, for both white and colored youngsters was $1,700, with the school paying half and the city half. The program was approved, with the board, at the suggestion of Vogelsang, planning to add lights to the recently sodded ground at the back of the school for summer-evening ball games and play. The lighting project, involving new 6 x 60 foot poles and new wiring, using the old football stadium lights, was estimated to cost approximately $900.00.

A board of equalization, composed of Frank Stewart, Frank Tomek and Henry Lippman was named and approved.

It was decided that the Yarrellton community representatives would be contacted and advised to attend the next regular meeting of the board in June to discuss the annexation of that school into the Cameron Independent School District.

BULBS —

town with the guaranteed bulbs.

Kiwanis will start their all-out electric light bulb campaign with a kick-off dinner Thursday noon in the Milam Coffee Shop.

Joe Burns, a representative of the Sylvania Electric Products Inc. which is furnishing the bulbs to the organization at discount, will be on hand to start off the three day campaign which is slated for Thursday, Friday and Saturday evenings, May 14, 15 and 16.

Pre-campaign activities have included the wrapping and packaging of 2400 bulbs, or 600 bags of bulbs to sell.

All of the 31 members of the club will participate in the house to house canvass selling the bulbs, which include four 100 watt bulbs, four 75 watt bulbs and two 60 watt bulbs per package.

The all out effort of the club is being made in an attempt to put added funds into the Underprivileged Childrens Project of the Kiwanis.

At the Kick-off dinner each of members will be presented with 20 packages of bulbs to sell during the two days, with most of the calls in the residential areas being slated for the evening hours.

Wiley Loughmiller, president of the local Kiwanis, pointed out that householders buying the bulbs, at $2.00 per bag, will be supplying two needs: (1) replinishing light bulb supply, which is a necessity and (2) helping the under-priviledged children in the community, since every penny of the proceeds will go to this project.

He urged that all householders cooperate with the Kiwanis in their project, since the results would help the organization to help more children realize their needs.

Anne Hinyard Is WRA Officer At SWTSTC

Anne Hinyard of Cameron has been elected corresponding secretary of the Women's Recreation Association for 1955-56 at Southwest Texas State College in San Marcos.

Anne, a freshman majoring in physical education, was elected by the women students on the campus, all of whom are members of the WRA. The organization sponsors various sports activities and intramural programs throughout the year.

Daughter of Mr. and Mrs. C.W. Hinyard of 506 East 29th, she is active in WRA activities, but has also participated in the Children's Theatre production of the SWT Speech Department.

B. F. Robinson of Minerva visited in Cameron Saturday. Mr. Robinson is former postmaster of Minerva, having retired six years ago.
